EDITORIALS.

AT this time when THE CAMPUS is just at the beginning of its second volume we wish to emphasize more strongly than ever the positive assistance the students may render to the management of the paper by patronizing its advertisers when doing their fall trading. The next two months will be critical ones in the life of THE CAMPUS, for they will make apparent both to those who already have space in its advertising columns and to those from whom "ads." may be solicited in the future, the worth of the paper as an advertising medium. During these two months a majority of the advertising contracts which were made when the paper was founded

will expire and it depends entirely upon the degree to which the students have supported the various business houses holding these contracts whether they will be renewed or dropped.

We are confident that during last year every advertiser in THE CAMPUS was thoroughly convinced of its efficacy as an advertising medium, for we know from certain evidence that a large majority of the students made it a point of honor to help those who helped us. Yet it is the latest impressions which have the greatest weight and more can be done for the welfare of the college paper by one month of brisk college trade this fall among the merchants of Orono, Oldtown and Bangor, than was accomplished during the whole of the last college year.

It will require little if any effort on your part to glance over your CAMPUS when in need of anything and to make use of the information it gives, but it will aid the management immeasurably and contribute more than in any other way towards making the second year of the publication of THE CAMPUS as successful as the first.

AS the time draws near when the football team shall have played its first game against a college team, interest in the individual players and enthusiasm over the team as a whole, grows more intense. At present writing nothing definite has been given out as to the makeup of the team which will line up against Colby on Oct. 13. Although the number of men turning out for practice is not all that could be desired by any means, there are two or more good men trying for every position, a condition of affairs that puts more life and spirit into the practice than has been seen

on our athletic field for many a year. To say that both the coach and the men who are trying for the various positions are working hard, is to put it mildly. Coach Burton is putting forth every possible effort to develop the men individually and to strengthen the team work of the elevens and harden the men to a point where they can play a hard, fast game. How far he is succeeding in this it is impossible of course to judge with certainty until some of the important games shall have been played. Yet competent judges who have watched the practice do not hesitate to predict that U. of M. will have this year the strongest football team of her history. With such a prospect before us it would seem as if there would be an abundance of material at hand during practice hours to enable the coach to use his knowledge and experience to the very best advantage. Yet this is far from the case. Undoubtedly there are many good reasons why there should be occasional absences from practice among the men who hold suits and are expected to turn out, but it is extremely difficult to understand why there should be such a marked irregularity in attendance at this period of the season when so much depends on hard, conscientious practice.

A part of the trouble seems to lie in the false notion among the candidates that there is nothing gained unless they "make the varsity." Such an idea is entirely wrong. If later in the season, games are arranged between some of the fitting school teams in the state, and the U. of M. "second eleven" there is not a man who has been out this fall who would not feel proud to be in the line-up. Last season the second team organized itself, elected a captain and manager and made a very creditable record before the season closed. There is no reason why this should not be done this year, if the men who are lining-up each night against the "varsity" would interest themselves in the idea and push it along.

Then, because a man sees no hope of making the first team this year is no reason at all why

he should get discouraged and drop out. Next year there are going to be many positions to fill and it will be the men who have trained hardest this year who will fill them. There is no game that is played in which experience counts for more than in football. "Maine" has an excellent coach this fall and every man who hopes some day to make the team yet does not turn out this year, is not only losing one season's experience but the opportunity of adding to it the experience of a man who thoroughly knows the game and has the ability to impart his knowledge to others.

THE following letter which was received a few days since from a prominent alumnus in Boston, calls to our minds very emphatically a matter that should interest every U. of M. student:

BOSTON, October 8, 1900

DEAR SIR:

I have heard a good deal of criticism in the past two weeks on the lack of enterprise in the Athletic association in not sending the football scores of the University of Maine to the Boston papers, and have even heard one man express himself so strongly as to say that he will not subscribe another cent to the athletic fund unless some decided improvement is made in this direction.

It would seem when the scores are reported weekly from all the Maine colleges and even from the seminaries and high schools, that there ought to be at least one man in the University of Maine with enterprise enough to see that the Boston papers have these reports. Will you kindly lay the matter before the proper authorities and see if it cannot be attended to, as besides the annoyance it causes the alumni, it certainly is belittling the college and stands in the way of its athletic growth.

If the fault is with the papers you can easily have it remedied but my impression is that it is either negligence on the part of the students or a distaste on the part of some for doing a little work without pay.

Sincerely yours,

Every U. of M. student, whatever success he may have in clearing his mind from any sense of responsibility in this matter, must acknowledge the entire justice of the above criticism. It is a fact that we have ourselves lamented that rarely if ever did full reports of games or general news items from this university appear in print in any but the Bangor papers. This condition of affairs demands immediate action on the part of the student body. At present there is a strong movement in progress in many of the colleges along this same line. Only last week the eight newspaper correspondents at Bowdoin, feeling the need of a wider and more thorough circulation of the college news, held a meeting and organized a press club on a firm basis. Other colleges, impressed with the same lack of individual interest, have made the same move, and are already finding conditions greatly improved. Why should not the University of Maine have as active and as thorough working a press club as any of the smaller colleges?

So far as is known there are but three Maine papers that have representatives among the students at this college, two of these being the Bangor dailies. Besides the very pressing need there is that the reports of our athletic games should be more widely circulated, there is given to us, through a free use of the news columns of all the papers in the state, the opportunity to correct many false impressions that exist as to our methods of life and work, and to create an interest in this college in parts of the state where it is at present little known.

We hope that if for no other reason than as a favor to the alumni, who have helped so liberally towards the support of our athletic teams in the past two years, steps will be immediately taken to organize an efficient press association which shall see to it that U. of M. news is a feature of the leading state papers and that the Associated Press always has a full account of our games.

'Twas "Maine" football weather last Wednesday all right.

Oak Hall has been visited by another water famine.

One progressive young man appeared on the football field last week in rubber hat and coat. He must have been through a Maine football season before.

S. E. Woodbury, '01, has returned to college. During the summer he has been at work for the Woodbury Electrical Co. of Beverly, Mass., as electrician on construction and repair work.

The room of the Young Men's Christian Association has recently been supplied with new chairs.

Many football men are depriving themselves of the benefits of good coaching when it is at their disposal simply for the trouble of turning out for practice.

Will Barrows is at Bar Harbor, coaching the Bar Harbor football eleven.

Edwin Wellman, '03, has left college and gone to Bates. He is playing on Bates' football eleven and is reported to be doing good work.

W. J. Burgess, '00, was on the campus recently.

The old gymnasium has been furnished with electric lights, much to the pleasure of the football men.

P. H. Mosher, '02, has gone to Nova Scotia.

W. C. Clark, '00, of Skowhegan recently spent several days at the Phi Gamma Delta House.

An epidemic of homesickness seems to be raging in the ranks of 1903. A number have been obliged this early in the term to take trips to their homes to effect a cure.

Mr. H. G. Dorsey, who for the past two years was tutor in physics at this university, visited friends on the campus last week. Mr. Dorsey is taking post-graduate work at Harvard University this year.

A number of the students are planning to take hunting trips during the coming month. It is possible that a gun club will be formed this fall, as there are undoubtedly enough men here who are sufficiently interested in hunting and kindred sports to make such a club a success.

L. E. Smith, '03, has been confined to his room for a few days by an attack of gripe.

Fred Collins, '03, has returned to college.

Howard L. Maddocks, '00, recently visited the campus, where he was entertained by the local chapter of Phi Gamma Delta, of which he is a member.

Guy B. Fitz, '03, has left the campus for his home in Auburn on account of illness.

Rodney Davis, '03, has resumed his college work after a very successful season's work at the Poland Springs House at Poland Springs, Maine.

The first meeting of the University Art Guild was held at the rooms of the Guild at the Mt. Vernon House, Friday afternoon, Sept. 27. At this meeting a most interesting lecture was given by Prof. J. H. Huddilston, the president of the Guild, on the Italian Art of the Renaissance. The course in Italian art is being given by Prof. Huddilston in connection with the work of the Guild, and besides being an elective to students, is open to all who may be interested. Many took advantage of this opportunity, a large number being present from Oldtown, Orono and Bangor.

V. H. Robinson, '03, has returned to college.

The annual excursion given the seniors of the Civil Engineering Course at Pushaw Lake, recently took place, the party starting from the campus Wednesday noon, Oct. 3, and returning the evening of the following Saturday. The principal object of the excursion was to rate a meter for the velocity of water, and this result was most satisfactorily attained. The party was made up as follows: Prof. N. C. Grover, C. H. Lombard, assistant in civil engineering; B. C. Martin, E. J. Howe, H. P. Hoyt, L. G. Varney, O. M. Bixby, W. H. Boardman, members of 1901.

A meeting of the freshman class was held Thursday, Sept. 4, at which the first election of regular officers took place. Following are the officers elected: President, E. W. Parker; 1st Vice Pres., A. G. Taylor; 2nd Vice Pres., R. F. Hopkins; Secretary, M. W. Russell; Treasurer, J. R. Talbot.

The first regular meeting for the present college year of the Scientific Society was held in Room 22, Wingate Hall, Oct. 10. At this meeting a paper was read by Dr. Harris on the subject "American Wheels on English Roads."

A meeting of the Philological Club was held the evening of Oct. 8 in Room 23, Wingate Hall, when the following interesting program was carried out:

Greek Epic Literature and Vase Painting,
Prof. Huddilston.
Concerning German Drama in Philadelphia,
Dr. Lewis.

The addition of Dr. Lewis to the club is much appreciated by the members and his paper was heard with great interest by those present.

The Alpha House was the scene of a very pretty social gathering on Friday evening, Oct. 5, the event being a whist party, for which occasion about sixty invitations were sent out. Many prominent people from Bangor and vicinity were present as was also a representa-

tive from each of the various fraternities. Cards were indulged in as the principal amusement, the winners of the contest being as follows: First prize for gentlemen, F. L. Martin; first prize for ladies, Miss Geneva Hamilton. The booby prizes were captured by Miss Emma Mayo and Mr. I. C. Swett. During the evening refreshments consisting of punch and fancy crackers were served by the Misses Hooper.

The local chapter of Phi Gamma Delta will give a whist party and dance on Friday evening, Oct. 19, the event to take place at the chapter house on the campus.

Fred M. Davis, '01, and Archer Grover, '99, went to Ellsworth on Wednesday, Oct. 3, and contributed more than their share towards the winning of the first prize in the hose race by the Orono Eagle Hose Co., of which they are both members.

The following appointments for class officers have been posted by the college secretary during the past week:

Freshmen, A to I, Prof. Hart.

Freshmen, I to Z, Prof. Ryland.

Students in the three upper classes as follows:

In Classical, Latin-Scientific or Scientific courses, Prof. Harrington.

Chemical, Agricultural, Preparatory, Medical or Pharmacy courses, Prof. Jackman.

Civil Engineering, Prof. Grover.

Mechanical Engineering, Prof. Flint.

Electrical Engineering, Prof. Webb.

A number of the members of the local chapter of Beta Theta Phi went to Brunswick on Friday, Oct. 12, to attend the instalation of a new chapter of that fraternity at Bowdoin.

During the summer the trustees have completed the purchase of a tract of six acres of land belonging to the Merrill farm in Stillwater and almost directly across the river from the campus. It is proposed to use a part of the land for a large coal shed, which will be con-

nected by a short spur track with the Maine Central R. R., making it convenient to unload the coal directly from the cars. For three months of the year the coal can be carted across the Stillwater on the ice which will effect a very large saving in cost of transportation over the present condition, which necessitates its cartage from Orono.

On Sunday evening, Oct. 7, Dr. Harris spoke to a very large audience in the Methodist church at Orono, upon the topic: "Churches and Church Worship in Europe." The speaker thought that many wrong impressions were obtained in this country in regard to the continental Sabbath. During the time he was abroad he spent several Sundays on the continent and was impressed by the many ways in which Sunday in continental Europe resembled our New England Sabbath day.

Miss Linda B. Marsh of Exeter, who entered this fall as a special student, has been obliged to give up her work on account of ill health.

Pres. Harris gave a short talk after chapel, on Thursday, Oct. 11, in the interest of the musical organizations. He emphasized the fact that the opportunity for an exhibition of college spirit was never better than at present, when the outlook seems a little discouraging, and so much depends on efficient and persevering leadership.

Much interest has been manifest in the mid-week meetings of the Y. M. C. A. held on each Wednesday evening at 6.45. The service on Oct. 3, was lead by H. E. Cole and was quite well attended. On Oct. 10 the leader was S. E. Woodbury, who took for his subject: "The Danger of Hesitation."

The trip through New Hampshire and Vermont, which was planned by the manager of the football team to play games scheduled with Vermont University and New Hampshire State College, has been abandoned and the games cancelled. Mgr. Harvey is at present in

communication with the managers of the Tufts College and Massachusetts Institute of Technology teams, and although a definite statement cannot at present be given out, there is no doubt but what U. of M. will meet the teams of both institutions this fall.

There is considerable interest manifested by the students, lately, in the telegraph line which is in operation between the several fraternity houses and Oak Hall. Already several new instruments have been added and there are still some more to go on when the instruments are received. This line was first established last winter and worked very successfully. Not a few men then, for the first time, becoming acquainted with the mysteries of Prof. Morse's dot and dash alphabet and its application. All have agreed that it is a great pleasure to be connected with fellow students and, besides the novelty of talking by wire, a few have found considerable pleasure in playing games of checkers under these novel conditions.

At a meeting of the senior class, held on Monday, Oct. 8, the following class officers were elected: President, F. L. Martin; 1st Vice Pres., C. W. Bartlett; 2nd Vice Pres., G. H. Davis; Secretary, John H. Bixby; Treasurer, Lewis G. Varney. Executive committee, C. W. Bartlett, G. H. Davis, L. H. Harvey, F. H. Bogart, W. A. Libby. A committee was appointed to prepare the class history for the 1902 Prism.

Football scores of teams that U. of M. will play:

Colby, 5; Ft. Preble, 6.
Colby, 0; Brown, 27.
Bates, 0; Edward Little High, 5.
Bates, 0; Yale, 50.
Bates, 5; Newton, 0.
Bowdoin, 32; New Hampshire State Col., 0.
Bowdoin, 0; Harvard, 12.
Tufts, 0; Yale, 30.
M. I. T., 0; Brown, 22.

A very enjoyable afternoon tea was held Saturday afternoon, Oct. 6th, from four to six

at the Mount Vernon house, the occasion being the twenty-first birthday of Miss Genevieve Boland. The receiving party, consisting of Mrs. A. W. Harris, Mrs. J. A. Knight and Miss Boland, stood in the reception room and to them the guests were presented by Messrs. M. J. Greene and H. W. Crocker. After giving Miss Boland hearty congratulations and many happy returns of the day, the guests wended their way to the dining room, where chocolate was served by Mrs. G. E. Gardiner, assisted by the Misses Blaisdell and Fraser, Russian tea by Mrs. K. A. Harrington, assisted by the Misses Powell and Carr, and punch by Mrs. L. Hamlin, assisted by the Misses Maxfield and Small. On a table in the center of the room lay a large birthday cake, on the top of which, in pink and white frosting, was the inscription, "21 Birthday, 1879-1900." The cake was sent to Miss Boland from her home in Worcester, Mass. Miss M. A. Fernald, assisted by Miss Hamlin, served the cake. Miss Boland was the recipient of many remembrances from her numerous friends.

Clarence Murphy has returned to college.

At the last business meeting of the Glee and Instrumental Club, S. P. Davis resigned his position as manager, owing to the fact that he has accepted the position as manager of the baseball club. Ernest Baker was elected manager for the ensuing year in his place.

John Lurvey, '00, was on the campus one day last week. He has been at work in Portland during the past summer for the Portland Street Railway company. He has severed his connection with that company, and is about to go to Lynn, Mass., having accepted a position with the General Electric company of that city.

Mr. E. W. Delano, accompanied by his brother from Boston, spent last week in the hunting regions around Moosehead Lake. They brought down two deer with them.

The first rehearsal of the Glee club was held in the chapel last Thursday afternoon. Although the club is weakened to quite an extent owing to the number of men it lost by last graduation, a good number turned out and with hard work there is no doubt but what we will send out a good musical club this winter.

CALENDAR.

- Oct. 15. Faculty meeting.
- Oct. 17. Mid-week service of Y. M. C. A.
- Oct. 17. Art Guild meeting.
- Oct. 17. Meeting of Chemical Sec. Scientific Asso.
- Oct. 20. U. of M. vs. Bates, at Lewiston.
- Oct. 22. Faculty meeting.
- Oct. 24. Y. M. C. A. service in Oak Hall.
- Oct. 24. Math. and Physical Sec. of Sci. Assn.
- Oct. 27. U. of M. vs. Colby, at Waterville.
- Oct. 28. Religious service in the chapel, Coburn Hall.
- Oct. 29. Meeting of faculty.
- Oct. 31. Religious service in Y. M. C. A. room at 6.45 P. M.
- Oct. 31. Meeting of Chemical Section Sci. Assn. at 7.30 P. M.

THE PUSHAW TRIP.

About noon on Thursday, Oct. 4, the Senior civils under Prof. Grover, assisted by C. H. Lombard, went to Pushaw pond for field work in hydraulics. Some of the party worked their own passage on bicycles while others more fortunate, enjoyed the trip behind a span of blooded Orono bays.

All arrived safely with the exception of Lombard, who was unfortunate enough to graze his nose on a passing stone. A wood-cutting bee was the only other real exciting feature of the day. All hands retired early in anticipation of hard work ahead.

The anticipations were more than realized as all were needed at the tiresome though interesting work of rating the meters. The work occupied the better part of the day but as several of the party had most urgent business in Orono that evening and as it looked as though it might rain, work was stopped a trifle early to enable the busy people to ride in before the storm.

The storm very kindly held off and allowed the left-behinds to catch a fine string of fish for supper. As Henry was still in camp it is unnecessary to allude further as to the fate of the fish. Saturday, though a trifle damp, was a good day for fish and the largest catch made came to camp in the afternoon. There were, besides a big bass, several large bass, pickerel and perch. The ducks on the lake were very considerate in allowing certain members of the party to practice at them. The deer and partridge must have seen us coming and all moved out, as diligent searching failed to reveal any specimens of either kind of game.

The crowd cut church Sunday and took their guns along lest any one should steal them from the camp. It is certain that no one violated the law in regard to shooting game on the Sabbath and it is to be hoped that succeeding parties of civils will keep up the good reputation thus acquired.

Through the skilled craftsmanship of "Long John" it was possible on two or three occasions to eat from clean dishes and as a result of Spud's inborn ability, there was little garbage to be disposed of.

Mermaids were discovered through the haze that lay over the lake just at sunset Saturday night. An exciting chase engaged in by all hands revealed the treachery of the haze and the fact that the mermaids were from Stillwater. On this the excitement diminished visibly.

The return of the party Sunday night brought to an end what was conceded by all to have been an ideal time and a golden thread in the college course.

The attention of the Alumni is called to the communication, printed in the editorial columns, from a prominent Boston alumnus, in regard to the reporting of U. of M. athletic contests in the Boston papers. We feel confident that no opportunity will be given in the future for such criticism, as a movement is already in progress which will insure full accounts of the games played upon our athletic field being sent to the Associated Press as soon as played.

NOTES.

'76.

W. T. Haines, of Waterville, is to be a member of the governor's council which will be appointed this fall.

'84.

W. P. Pattengall, of Machias, was elected to the legislature by the Republicans of that town in the recent election.

'89.

George M. Gay, of Boston, made a short visit on the campus Tuesday, Oct. 9. He was on his way to the provinces on a business trip for a large seed concern by which he is employed.

'90.

Fred T. Dow, who is employed as head draughtsman in charge of switch board design in the General Electric Co., of Schenectady, N. Y., spent several days during the first part of the month visiting friends in Orono and at the university.

The news of the death of Ralph H. Blackington, of Rockland, was received at the college a few days ago. Since Mr. Blackington's

graduation he has been in the boot and shoe business in Rockland but was forced to give it up some time ago on account of increasing ill health. His death, though expected, came as a severe blow to his relatives and to his many friends in Rockland and this vicinity.

Prof. N. C. Grover was called to Portland last week to attend the funeral of Mrs. Grover's father, Mr. Nathan Allen.

'94.

Frank G. Gould, who is employed on railroad location and construction work in the province of Ontario, spent several days on the campus during the past month.

'95.

H. S. Boardman has left Athens, Pennsylvania, and has entered the employ of the American Pulp Co., in Philadelphia, as draughtsman. His address is Philadelphia, Pa., care of American Pulp Co.

98.

Elmer D. Merrill, assistant in agrostology, U. S. Department of Agriculture, is on an extended trip through the Yellowstone Park, collecting information for the department.

The marriage of Fred W. Sawtelle to Miss Greta L. Bigelow took place at the home of the bride, in Winthrop Center, Maine, on Monday, Sept. 24. Mr. and Mrs. Sawtelle will reside at 265 Main St., Waterville, Me., where Mr. Sawtelle has a situation in the offices of the Maine Central Railroad as assistant roadmaster.

Parker Crowell is working in the draughting room of the Great Northern Paper Co. at Millinocket, Me.

99.

H. P. Mayo has recently left Boston and is now working in the testing department of the General Electric Co. at Schenectady, N. Y.

S. H. Ford is principal of the Hampden Free Academy, Hampden, Me.

Among the alumni who have visited on the campus within the past few days may be mentioned, Howard S. Maddocks, '00, William J. Burgess, '00, W. C. Clark, '00, H. A. Saunders, ex-1901.

1900.

The editor wishes to acknowledge with thanks the assistance of the many who have helped to procure the following directory of 1900. It is desired wherever errors occur, notice of same will be sent to THE CAMPUS at once, that they may be corrected.

Harry W. Beedle. With American Electric Storage Battery Co. Address, 3304 North Fifteenth St., Philadelphia, Pa.

Alan S. Bird. At home in Rockland, Me. Will study law.

Frank H. Bowerman. With International Paper Co., of Berlin, N. H., as civil engineer. Address, Berlin, N. H.

William J. Burgess. Until recently in employ of Washington County R. R. on steel bridge construction. Will go west this fall. Address, Calais, Me.

Miss Agnes R. Burnham. Teacher in Oldtown High School. Address, Oldtown, Me.

Walter N. Cargill. At home in Liberty, Me. Will enter employ of Metropolitan Street R. R. Co. this fall.

Wilfred C. Caswell. Assistant in Physics at the University of Maine.

Wilkie C. Clark. Playing on Pittsfield baseball team. Address, Pittsfield, Me.

James E. Closson. Chemist in a woolen mill at Fall River, Mass. Address, 146 Linden St.

Clinton L. Cole. Tutor in drawing at the University of Maine.

Harry A. Davis. Draughtsman with the Draper Cotton Machine Co., Hopedale, Mass.

Henry F. Drummond. At home in Bangor, Maine.

Julian S. Dunn.

Herbert D. Eaton. Attending Bowdoin Medical School.

and

took place August 1 at the home of the bride. Mr. and Mrs. Perkins took a short wedding trip through Maine and upon their return took up their residence in Freedom, where Mr. Perkins was engaged as principal of the Freedom academy for the coming year.

On August 1, the marriage of Joseph O. Whitcomb to Miss Winnie M. Hodgkins was solemnized at the Episcopal church in Sorrento, Me. The ceremony took place at high noon and was largely attended by relatives and friends of the contracting parties. The groom entered the church accompanied by his best man, Mr. Fred L. Martin, of Hancock Point, and was met at the altar by the bride leaning on the arm of her father. The Episcopal service was used. The church was tastefully decorated with evergreen and goldenrod. The bride wore a dainty gown of white swiss muslin and was accompanied by Miss Bunker of Sutton Island, as bridesmaid. After the ceremony the wedding party marched to the cottage of Mrs. Cocheran where a reception was held in honor of the newly married pair. Mr. and Mrs. Whitcomb left Sorrento during the afternoon for Mt. Desert Ferry where they took the train for a short wedding tour. They received many beautiful and valuable presents, among the most notable being a check for \$50 from Mrs. Cocheran and a full dinner set from Miss Cocheran of Yonkers, N. Y.

The marriage of Mr. Fred C. Mitchell and Miss Grace C. Davis occurred at the bride's home in West Newfield, Me., on Monday forenoon, Aug. 29, at 11 o'clock. The parlors were tastefully decorated with evergreen, palms and roses. The ceremony itself taking place under an arch of evergreen. Rev. J. Nottage performed the marriage ceremony. Miss Gertrude Davis, sister of the bride, was maid of honor. Mr. Arthur C. Wescott of Portland was best man. Following the ceremony a dainty lunch was served to the relatives present and later an informal reception was held to

which friends and relatives were invited. The contracting parties are well known in Newfield and vicinity. Mr. and Mrs. Mitchell received many beautiful and costly presents which show the appreciation of their many friends. They will reside in Fort Fairfield, Me., where Mr. Mitchell has an excellent position as principal of the high school.

ATHLETICS.

UNIVERSITY OF MAINE, 22; EDWARD LITTLE HIGH, 0.

The football season opened on the athletic field Wednesday, Oct. 3, when Edward Little High School from Auburn were the opponents. Edward Little has defeated Bates in several practice games but by Maine they were easily defeated. The score was twenty-two to nothing and if Maine had not tried several new men in the second half the score would probably have been much larger. Edward Little played a steady and snappy game considering the age and weight of its players.

The work of Clement, full back, and Chas. Bailey, left end, was phenomenal. Clement was the life of the whole team and it was remarkable how he would dive through Maine's heavy line. Bailey was a star at left end. Maine's weighty left back was unable to make any large gains around this end and it was often that he was thrown back for big losses. Dorticus played a good game at full back. He made some good gains through the centre, where big holes were opened by his line men. Hadlock at left end played a steady game and always broke the interference and tackled his man. Coach Burton seemed very much pleased with the work of the team and said that with good, hard practice the team would develop into a winner.

Edward Little kicked off at the beginning of the first half and the ball went about fifteen

yards. The home team was slow and Edward Little fell on the ball. The visitors could not gain and tried a goal from the field. It was a failure and Dorticos ran twenty yards before he was downed. A thirty-five yard run by A. R. Davis and small gains by the backs carried the ball to the goal line and G. H. Davis went over for the first touchdown. Dorticos failed at an easy goal.

The other touchdowns were made in about the same way, long runs by Taylor and G. H. Davis carrying the ball rapidly down the field.

The line up:

University of Maine.	Edward Little.
Cole, Jordan, r. e.	l. e., Chas. Bailey
Wormell, (Capt.) r. t.	l. t., Lord
H. Cole, r. g.	l. g., Lowell
Rackliffe, c.	c., Philoon
Duren, l. g.	r. g., Clint, Bailey
Elliot, l. t.	r. t., E. Bearce
Hadlock, l. e.	r. e., Drake
Harris Eastman, q. b.	q. b., Bearce
A. Davis, French, Taylor, r. h. b.	

.....	l. h. b., Maloon
G. Davis, Bradford, l. h. b.	r. h. b., Hall
Dorticos, f. b.	f. b., Clement, Capt.

Score, University of Maine, 22; Edward Little High School, 0.

Touchdowns, G. H. Davis, Dorticos, 2, Taylor. Goals from touchdowns, Dorticos, 2. Referee and umpire, H. L. Fairbanks. Umpire and referee, L. H. Harvey. Time, 20 and 10-minute halves.

UNIVERSITY OF MAINE, 16; FORT PREBLE, 0.

The soldiers from Fort Preble were easily defeated Wednesday afternoon, Oct. 10. Fort Preble had won from Colby the Saturday before and were confident of winning last Wednesday. The day was rainy and the field was very muddy, thus preventing any long runs round the ends. Both teams made most of their plays inside the tackles. Maine gained much ground through Fort Preble's left tackle. Neither side played a very snappy game and no player on either side made any star plays. The tackling of Coon, however, was very good. Campbell punted well and the ends ran down under the ball in good shape.

Taylor, Dorticos and Wormell made most of the gains for the home team. The visitors could not rush the ball nearer Maine's goal line than the centre of the field.

In the first half, Maine kicked off and Fort Preble, after gaining fifteen yards, lost the ball on downs. Repeated line bucking by Dorticos, Wormell and Taylor carried the ball over the line for the first touchdown, after seven minutes of play. Dorticos kicked the goal, Fort Preble kicked off and good gains by Wormell, Hadlock and Elliot carried the ball nearly to the centre of the field. Here the ball was given to Taylor for an end play. Taylor fumbled and L. Cole picked up the ball and ran with no interference over sixty yards for the second touchdown. Dorticos failed at an easy goal. Again Fort Preble kicked off and Taylor made ten on the return. Taylor, Wormell, Dorticos and McQuillan rushed the ball to Fort Preble's fifteen yard line and on the next play L. Cole circled left end for the third touchdown. Dorticos failed at goal. Time was called for the first half before the ball could be put in play.

In the second half neither side was able to score. Bradford and French went in at half-backs, and Sawyer took Rackliffe's place at centre. The second half was a mixture of off side plays and punting, which Dorticos seemed to have the best of. The half ended with the ball in Fort Preble's possession on her own fifteen yard line.

The line up:

University of Maine.	Fort Preble.
Hadlock, l. e.	r. e., Coon
Elliot, l. t.	r. t., Thompson
Duren, l. g.	r. g., Reynolds
Rackliffe, Sawyer, c.	c., Eitner
Cole, H., r. g.	l. g., Muns
McQuillan, r. t.	l. t., Davis
L. Cole, r. e.	l. e., Lawson
Harris, q. b.	q. b., Jervey
Taylor, French, r. h. b.	l. h. b., Hinds
Wormell, Bradford, l. h. b.	r. h. b., Hapgood
Dorticos, f. b.	f. b., Campbell

Score, University of Maine, 16; Fort Preble, 0. Touchdowns, L. Cole, 2, Taylor. Goals from touchdowns, Dorticos. Referee, Ned Murray of Bangor. Umpire, John Sullivan of Portland. Time, 20 and 15-minute halves.

STEVENS RIFLES

Encourage boys to an active, rollicking, out-of-door life in field and forest, conducive to health and affording a practical acquaintance with Nature without which no boy's education is complete. Besides the practice of shooting induces steadiness, deliberation, accuracy; valuable qualities in any business of life.
