THE CAMPUS

Vol. III.

ORONO, ME., MAY 15, 1902.

No. 15

THE SUMMER SCHOOL.

It is proposed to hold a summer school at the University beginning about June 25, 1902, and continuing for five weeks. There will be 18 courses in the school and those who will instruct are: Pres. George Emory Fellows, Prof. Allen E. Rogers, Prof. James N. Hart, Prof. James S. Stevens, Prof. Welton M. Munson, Mr. Guy A. Thompson of the University of Maine, and Prof. Edouard P. Baillot of Northwestern University.

All class work will be held during the forenoons, leaving the afternoons and evenings free for study and recreation. A series of about ten lectures, each by a specialist in his department, will be arranged. Most of the courses offered are studies of the college curriculum. In such courses the work will be strictly of college grade and students who now are or who afterwards become candidates for a degree in the university will receive credit for such work done in the summer school.

The tuition for the term of five weeks, covering all charges for instruction, use of the library and laboratories will be: For residents of Maine, \$10; for residents of other states, \$15. All those who wish to attend this summer school are requested to apply promptly, as the session will not be held unless 40 or more applications are received by June 1, when a more definite plan will be issued. All inquiries will be promptly answered if addressed to The Summer School, University of Maine, Orono, Maine.

FINAL TRIP OF THE GLEE CLUB.

The instrumental clubs started on their final trip for this season on Friday, May 2, their

destination being Dexter where they appeared before a large audience. On Saturday night they gave a concert in Exeter which was well appreciated, as was evidenced by the enthusiasm with which their entertainment was received. In short the trip was a success both financially and otherwise. The return trip was made from Exeter to Charleston by buckboard and thence by way of the Penobscot Central railroad to Bangor. Following is the program of the Dexter concert:

Glee and Mandolin Clubs,

Hurrah Boys..... Lacelle
Mandolin Club,

A Day in a Cottonfield (characteristic)
..... Zublin
Glee Club,

The Goblins

Banjo Club,

Forest City Galop.....

Cello Solo.....

A. W. Sprague.

(a) Melodie, Op 10.....Massenet

(b) Herbstblume, Op 50.....Poppert

Mandolin Club,

Exposition ...Waltzes.....Jennings

PART II.

Glee Club,

Honey I Wants Yer Now.....Coe

Banjo Club,

Frogville Echoes

Glee Club,

Levee Song

Banjo Trio

Messrs. Baker, Flynt and Freeman.

Twin Star March.....

Mandolin Club,

Ghosts' Patrol

Campus Song.....Arr. by O. F. Lewis

The members of the clubs who went on the trip were Silver, E. L. Baker, Freeman, Dorticcos, R. C. Baker, Chandler, Flynt, Jones, Case, Taylor, Thomas, Sprague, Smith, Drummond, McClure and Fullom.

GAMMA ETA GAMMA EXPANDS.

Gamma Eta Gamma, the fraternity now existing at the School of Law, has already begun to put in practice a policy of expansion by the granting of a charter for the establishment of a Chapter at Boston university. This step has been contemplated for some little time, but not until recently was it definitely decided to proceed. A petition was received from 20 seniors at the Boston institution at this time making such a strong plea for a charter that it was granted. It is probable that several other charters will be granted to leading law schools in a few months. C. Vey Holman, with the members of the degree staff, will leave for Boston on May 23.

The present members of the Curia, the governing board of the fraternity, are: E. C. Butler of Skowhegan, N. G. Foster of Webb, Frank Plumstead of Wiscasset, Malcolm MacKay of Lake Ainslie, Nova Scotia, James O'Halloran of Montreal, and C. Vey Holman of New York. Among the honorary members of the fraternity are Gen. Charles Hamlin, Dean George E. Gardner and Prof. William E. Walz of Bangor and Hon. Louis C. Southard of Boston.

TWO CHOICE AUTOGRAPHS.

On the shelf in the library, which is reserved for books that are particularly valuable on account of age or other reasons, is one which, although interesting in itself, is especially noticeable as containing the signature of the man who was foremost among all in establishing our country on a firm financial basis after the long struggle for independence. The volume itself is a collection of papers bound in half-leather, and bearing the simple title "Political." The title page informs us that the book was printed in the year 1800 in New York, by George Hopkins. The first paper is entitled "Letter from Alexander Hamilton concerning the Public

Conduct and Character of John Adams, Esq., President of the United States." This epistle is interesting to the student of history as a political document, but its chief value in this particular case, lies in the fact that at the end of it, written in ink, appears in a bold hand the original signature, "A. Hamilton."

Another volume, the property of Librarian Jones, who was fortunate enough to procure it not long ago when the contents of a private library was disposed of at auction, possesses the distinction of having once been the property of our nation's second president, John Adams. The book itself which is bound in leather, is entitled "Sketches of the Ecclesiastical History of the State of Maine, from the Earliest Settlement to the Present Time," and was written by Jonathan Greenleaf, pastor of a church in Wells. The volume was published in Portsmouth in the year 1821. The identity of the signature which is found written in ink on the fly leaf, might reasonably be difficult to establish, as the name "J. Adams," which was that of the owner of the book, would be by no means a rare one, and the history of the volume is not fully known. But on the inside of the cover we find indistinctly written in pencil the name Quincy Jane Adams, and knowing that Quincy was one of the family names of the Adams family, it may be considered conclusive that the signature is that of the most distinguished member of the distinguished old Massachusetts family.

WHERE OUR SUCCESS TELLS.

Alumni have been very generous this season in the contribution to the athletic fund. Among the contributors are L. C. Southard '75, who gave fifty dollars; E. C. Webster '82, twenty-five; E. D. Graves '86, twenty-five; R. W. Eaton '73, twenty; J. D. Lazell '87, ten; J. S. Ferguson '89, five; J. H. Cain '83, five; E. J. Haskell '72, ten.

Terms: \$1.50 per year, strictly in advance; single copies 10 cents.

Address all business communications and make all checks payable to Isaac E. Treworgy, Business Manager, Orono, Me.

Contributions from undergraduates and alumni are earnestly solicited. They should be addressed to the Managing Editor.

Entered at the Post Office at Orono, Me., as second-class mail matter.

PRINTED BY J. P. BASS & Co.

STUDENTS' DIRECTORY.

TRAINS—Leave Orono for Bangor at 6.46, 8.57, 9.57, 10.52, A.M.; 12.45, 1.42, 2.52, 4.02, 7.12 P.M.

Leave Orono for points north of Old Town at 7.21 A.M.; 2.28, 5.04, 6.53 P.M.

Leave Bangor for Orono at 4.35, 7.00, 8.30, 11.30 A.M.; 1.15, 2.05, 2.50, 3.10, 4.45, 5.30, 6.30, 11.05 P.M.

Leave Bangor for the south and west at 7.15 A.M.; 1.35, 8.09, 11.45 P.M.

Leave Bangor for Bar Harbor at 6.00, 9.30 A.M.; 4.50 P.M.

ELECTRICS—Cars leave Bangor at 5.30 A.M. and each hour thereafter until 11.30 A.M.; after 11.30 P.M. on the half hour until 8.00 P.M.; after 8.00 P.M. until 11.00 P.M. Cars arrive at U. of M. fifty minutes after leaving Bangor. Cars pass the campus going north, 10m. of and 20m. past the hour; going south, 20m. of and 10 m. past the hour.

MAILS—From Bangor and the west, 7.06 A.M., 3.29 and 6.53 P.M. From Vanceboro and the Provinces, 7.06 A.M. and 1.00 P.M. From Aroostook and Piscataquis Cos., 3.29 and 7.00 P.M. Mails will close at the post office for trains: To Bangor and the West, 6.30 A.M., 12.40 and

6.40 P.M. To Vanceboro and the Provinces, 3.10 and 6.40 P.M. To Aroostook and Piscataquis Cos., 6.30 A.M. and 12.40 P.M. Mails from Stillwater, 6.00 A.M., 5 P.M. To Stillwater, 7.45 A.M., 5.15 P.M.

The college library is open from 8.00 to 12.00 A.M. and from 1.30 to 5.30 P.M.

The college office is open from 8.00 to 12.00 A.M., also from 1.30 to 5.00 P.M., but only matters of special importance should be submitted during the latter hours.

EDITORIALS.

WONDER who is the James Madison, the marvel of rhetorical skill, who can claim the distinction of being the "father" of the constitution that was recently submitted to the Maine colleges for ratification?

THE trouble is by no means as confined as might be imagined. The Bowdoin Quill in "Gray Goose Tracks" asks the question, "How many of us visit our art building, one of the finest in the country, except when we are piloting some parent or friend over the campus?"

TO correct any wrong impressions that might possibly prevail in regard to the source of funds required for holding the Invitation meet, it might be well to state that not a cent of the money raised by the regular subscription is used for holding the meet, but that the necessary amount is solicited especially for that purpose.

READ the Founders' day oration of Chas. W. Baker, '86, of the University of Vermont in the *University Cynic* of May 3. It bears the lengthy but self-explanatory title, "The Utility of an Academic Education for Young Men Who Have to Earn Their Own Living and Who Expect to Pursue a Commercial Life." It would be difficult to find a more concise and at the same time more comprehensive treatment of this much discussed subject.

IT seems probable that there will be a considerable number of students from the fitting schools take part in the Invitation

Meet, May 17. Every undergraduate should make a personal effort to see that those who come to Orono for this event are given a cordial welcome. Every man should hunt up the men from his school and his home town, and see that every courtesy is shown those who are our guests upon this occasion. Let us be sure that not only the stars, but all the competitors and visitors carry away with them the pleasantest recollections of "Maine" hospitality.

* * *

"TIS true 'tis pity; and pity 'tis 'tis true" that the dates of a goodly number of our ball games have conflicted with previous arrangements of old Prob, but we hardly agree with the Freshman who huddled under his umbrella and declared that it rained for no other purpose than to thwart the purposes of mortals who had had the audacity to arrange beforehand for ball games. Too much like little Willie, who flattened his nose on the pindow pane, and complained that it rained Saturday just "'cuz a feller always wanted to go a-fishin." But this particular Willie had a wise father who had studied logic, while the Freshman had not, and who consequently knew the ins and outs of the law of causation. "Young man," said he, patting the filial head with the fraternal hand, "Don't you think you're of so much consequence in the world that the weather management is going to take all that trouble to keep you from going fishing."

* * *

NOTICED Bowdoin's football schedule yet? As the *Orient* says, it is a first-class list of games. First comes Harvard and then Yale with a dash of practice games between. "Ten days' rest will then be succeeded by the hardest games of the season in a climax,"—a very pleasant way of reminding our Waterville friends that they hold down the foot of the ladder, with the heroes of Garcelion field only a few rounds above. But who is it that we see perched so confidently at the top? Why, who else could it be but the champions of

1901? Keep the editorial Mr. Editor. That ubiquitous little bird tells us that the same idea will find need of expression pretty often in the future.

Also says the *Orient*, speaking of baseball prospects (before May 7) for this season, "The college expects a victory from Bates at Lewiston, the twenty-fourth, a victory on Ivy Day, and at least two out of the three with Colby and Maine. Notice the "at least?" "At least" it possibly may be, but one thing is an assured fact, and that is, it is also "at most."

* * *

WE notice in the *Tufts Weekly* of May 1, that a set of rules entitled "Proposed Rules to Govern Fraternity Rushing at Tufts College," has been formulated and presented to the various fraternities to be acted upon. In substance these rules prohibit a fraternity from extending an invitation to a Freshman before a stated time and likewise prohibit a Freshman from accepting such an invitation if offered; they oblige a pledged man to be distinguished by a pledge button and prohibit the pledging of a man through any other understanding. An inter-fraternity council is provided to judge of infractions of these rules, and allow any fraternity to withdraw from the compact by giving due notice. Whether the authors of these rules intend to use the words "man" and "freshman" interchangeably we do not know, but it certainly looks as if fraternities at large were gradually beginning to realize that some more systematic method than the present one is needed in order that the various fraternities may judiciously replenish their ranks, and that general satisfaction may be promoted. We believe that the custom was once prevalent here but for some reason or other it fell into disuse. The rules by which we should be guided would of course be a matter for us to decide upon among ourselves, but we must certainly acknowledge that the idea is in the right direction and needs only to be discreetly developed. We hope that the exhortation in the last CAMPUS urging that the paper

be made a medium of communication of ideas between student and student, will not fail to bear fruit, and that this matter in particular will receive due consideration and be a theme of discussion as it is certainly worthy of being.

NOTICE the "three practical working rules" as he terms them, which Dr. Edward Everett Hale gave to the students of the University of Chicago in an address to them in the Chapel assembly:

"Keep out in the open air as much as possible.

"Have faith in your neighbor.

"Make a practice of engaging in conversation each day with someone whom you know to be your superior."

EXAMINATION week is drawing near and before our next issue some will have passed the ordeal, while to the Seniors, finals will be a thing of the past. The thoughts of the spring term finals are always more pleasant than those of the fall, simply because, that instead of another sixteen weeks of study, comes a long summer vacation during which the thoughts of study are buried beneath those of summer tide.

Among our students and in fact among all students there are always more or less temptations, but there are in general two which seem to be more prominent than the rest and the one is to study for rank alone, the other is to let study alone. To say that one is as bad as the other is not doing injustice to either, for some students will "plug" and "cram" their heads full of facts, will learn history and formulae by heart and these in the long run will mean but little to them, for they are easily forgotten. All this is done for the simple purpose of getting a few extra per cent. in their term rank. On the other hand there are students who do not seem to have the ambition to study for high rank, yet they are bright and excel in some respects when placed beside the high ranking students. What they learn

they keep forever and are generally the most successful in the long run, for high rank is not by any means a sure passport to success.

Some time ago an alumnus who was a member of the honorary society and a prominent man in college life, wrote to us and in his letter spoke of the great need of practical reading and of the discussion of practical problems, and although he is a man of wide knowledge, said: "I think of those days when I worked early and late for the 98's in Mechanics and Calculus and Physics and the like, with a great deal of sorrow these days."

Outside of the regular practical training the study which gave him the extra rank was of very little use.

So it is that we all should strive to do justice to ourselves and to our instructors. We should do our part and do it well and then when that week of judgment comes we will be able to stand with a determination that will successfully carry us through the ordeal.

THE action of the Athletic association in voting not to adopt the new constitution proposed for the Maine Intercollegiate Athletic Association places us in apparent opposition to the other three colleges of the state, as we believe that all of them have voted to accept it. This condition seems to call for some statement of the reasons for our action.

We are heartily in favor of a new constitution for this association, as the one now in force has many omissions and contains much that should be changed. We believe that a new constitution, instead of trying to correct the shortcomings of the old one, should take that of the New England Intercollegiate Athletic Association for a foundation and make such changes in this as are necessary to adapt it to our local conditions.

We print portions of a few of the sections of the proposed constitution, and our objections to them:

Art. IV. Sec. 2. *The annual convention of*

this Association shall be held on the Saturday following the third Saturday in February, the convention to be held at the college which has the president.

This date is so fixed that it would prevent the adoption the same year of amendments to correspond with changes which may be made by the N. E. I. A. A. The place is as stated in the old constitution, and as it was not always so held under it we doubt if it would be hereafter.

Art. VII. Sec. 5. *The expenses of the Executive Committee and the other committees duly appointed by the convention and those of the Grand Marshal, and other duly appointed officers of the meet, shall only be paid by the Association.*

This is so worded that it does not make sense.

Art. VII. Sec. 6. *The expenses of no delegate to the annual convention shall be paid.*

This probably means paid by the Association, but as it reads it is ridiculous.

Art. VIII. Sec. 2. Under this section each college is required to make only one entry at the field meetings of the Association. We believe that it should be necessary to start at least five contestants. The provision of one entry is an absurdity.

Art. X. *An annual Field Meeting shall take place on the Saturday following the Mott Haven meet.*

This date falls during examination week at the University of Maine, and its acceptance is manifestly impossible.

Art. XI. Sec. 1. This section purports to define an amateur. We believe the requirements of the N. E. I. A. A. constitution should be adopted for our Association, but if this cannot be done we are unwilling to stultify ourselves by giving a definition which says a man is an amateur when he is not. If the generally accepted definition cannot be adopted, the point should be covered in some other way than by saying that what isn't so is so.

Art. XI. Sec. 2. *No person shall represent*

any college or university at a M. I. C. A. A. meeting who is not a member of that college or university in good and regular standing.

Under this provision a man might enter a college two weeks before a meet and be eligible to compete, something that should be guarded against. Does "regular" standing bar special students?

Art. XI. Sec. 3. *No one who has competed for more than four years in track athletics for any college or colleges shall be eligible to compete in this Association.*

Under this rule any man is eligible to compete five years.

Art. XII. Sec. 2. *No amendment shall be made to the Constitution unless a written copy or said amendment is sent to the colleges of the Association at least four weeks before the convention of the Association at which the proposed amendment is to be voted upon.*

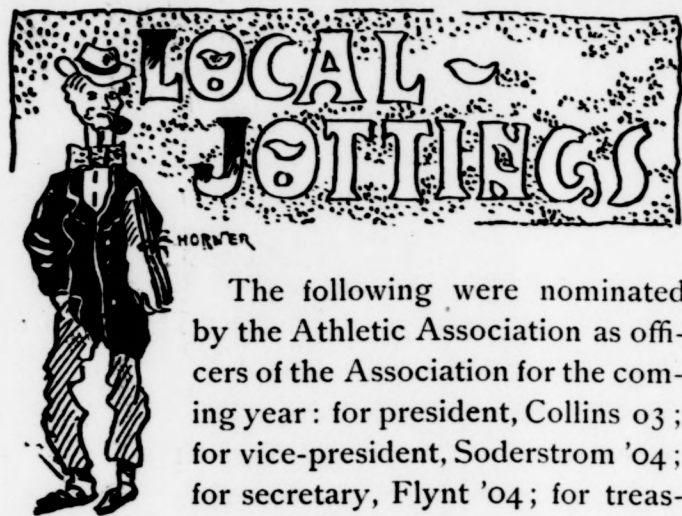

This article entirely omits any statement regarding proposed amendments to the By-Laws or Rules.

BY-LAWS.

Art. I. Sec. 3. This omits any provision for auditing the treasurer's accounts.

Art. IV. Sec. 2. The proposed order of events is entirely at variance with that generally followed and is altogether unsatisfactory. Incidentally it omits the finals in the 440 yards dash.

The proposed new constitution was evidently drawn carelessly and in haste, for it has many errors of spelling and in wording that make it seem humorous that it should have actually been adopted by the athletic associations of three colleges. Mention has been omitted of many minor points where changes should be made and possibly no great stress is to be laid upon some of the objections stated above. The four points which absolutely could not be accepted by our association are the date of the meet, the order of events, the definition of an amateur, and the omission of a provision regulating amendments to the By-Laws and Rules.

The following were nominated by the Athletic Association as officers of the Association for the coming year: for president, Collins '03; for vice-president, Soderstrom '04; for secretary, Flynt '04; for treasurer, A. L. Grover; Prof. Lewis, Soderstrom and Mullaney were appointed to have charge of the tennis tournament.

When will the Prism be out?

Prof. Wood has been sick for several days.

Prof. Gowell has recently purchased a farm.

Davenport '04, has left college for the remainder of the year.

G. W. Sturtevant '81, has been on the campus recently.

The senior vacation will begin on May 24. Commencement will come this year, June 7-11.

Miss Marion Parsons of Bangor sang a solo at the chapel exercises recently.

The Brewer High school team has been on the track only a few times but has some good material.

A. L. Grover spent Monday in Charleston coaching the track team of Higgins Classical Institute.

The members of the Sigma Alpha Epsilon Fraternity have come out in black caps with a very pretty monogram in white.

Mrs. Hart has returned from a month's visit at Ft. Deposit, Md. She was a guest of Mrs. Harris.

A. Wood '05, has left college for the remainder of the year to work for the American Express company at Bar Harbor.

Prof. Munson is very much pleased with the new blueberry plantation. The prospect is good for a successful plantation for the cultivation of blueberries.

T. A. Anderson, who has been visiting his home in Hartland, has resumed his studies at the Law School.

C. D. Kittredge has left college to go to Lake Sunapee, New Hampshire, where he has a position as purser on a steamboat.

A telephone of the local campus line has been placed in Librarian Jones' office. There are now twelve telephones on the line.

Dr. Fernald recently visited East Corinth and made a few remarks at the academy where he was a student fifty-four years ago.

Prof. Huddiiston gave a very interesting lecture at the Universalist church. The subject of the lecture was "The Influence of Religion on Art."

The class in Descriptive Geometry is at present working on spherical projections. This is more advanced work than any of the preceding classes have taken.

The planting of several hundred trees and shrubs made last fall, came through the winter very well indeed and adds greatly to the appearance of the campus.

The track team of the Bangor High school has been training regularly for several weeks on our track and is showing up well under Coach Mack.

S. C. Dinsmore attended a meeting of the managers of the Intercollegiate track teams last week at Waterville. The object of the meeting was to make arrangements for the coming track meet.

The work of the students in the short course of Horticulture was very good. The skill with which they performed their work in grafting is now being shown by the excellent growth. The grafts are making.

Bulletin No. 82, dated April, 1902, has been issued from the Experiment Station. This Bulletin contains the results of observations made upon certain Russian and other hardy varieties of apples under observation since 1890.

The result of the Freshman-Sophomore meet shows there is some good material in the freshman class and they will undoubtedly make a good showing at the Intercollegiate meet.

At a Republican caucus held in Bangor May 5th, Hugo Clark '90, John M. Oak '73, D. F. Snow (Law) '04, E. M. Blanding '76, H. M. Smith '93, were among the delegates elected to the State Convention.

Profs. Rogers and Lewis have been elected delegates to the state convention from Orono. The delegates to the district convention were instructed to support the nomination of Prof. Rogers for Congress on the Republican ticket.

Students and others are respectfully requested to submit designs for the cover of the Campus. The choice of a design will be made from those submitted, by the Board. Designs should be in before September 23.

COMMENCEMENT PROGRAM.

SATURDAY, June 7.

Junior Exhibition in the Chapel—8 p. m.

SUNDAY, June 8.

Baccalaureate Address by Pres. Fellows—8 p. m.

MONDAY, June 9.

Convocation in the Chapel—10 a. m.

Class Day Exercises in the Chapel—2.30 p. m.

TUESDAY, June 10.

Buildings Open to Visitors—9.30 a. m.

Phi Kappa Phi Initiation in the Chapel—9.30 a. m.

Baseball Game on Alumni Field—10 a. m.

Receptions by Alpha Tau Omega, Beta Theta Pi, Kappa Sigma, Phi Gamma, Phi Gamma Delta, and Sigma Chi Fraternities in the afternoon.

WEDNESDAY, June 11.

Annual Meeting of Alumni Association in the No. 1

Alumni Hall—10 a. m.

Commencement Exercises in Chapel—11 a. m.

Alumni Dinner in Gymnasium—1 p. m.

Commencement Concert in Chapel—8 p. m.

RESOLUTIONS.

Whereas, The Almighty Father in His infinite wisdom has seen fit to enter our order and call our esteemed brother, Alson E. Boynton, from our midst, therefore, be it

Resolved, That we, as members of Omega Mu chapter of Phi Gamma Delta, realize that in the death of Brother Boynton our chapter has lost a loyal and worthy member,

Resolved, That our heartfelt sympathy be extended to the family and friends of our brother in this, their hour of sorrow.

Resolved, That a copy of these resolutions be sent to the family of the deceased and a page of our records be set aside for them and that

they be sent to the Campus for publication.

C. W. Margesson,

H. O. Farrington,

H. W. Sewall,

Committee on Resolutions.

BETAS ENTERTAIN.

The local chapter of the Beta Theta Pi fraternity gave a dancing party in the gymnasium and drill hall Thursday evening which was one of the most successful affairs of the sort which has occurred this season. Nearly 400 invitations were sent out to Bangor, Orono and Old Town people and the attendance was large. The festivities were continued until a late hour. Special cars left West Market square for Orono at 7 o'clock, Thursday evening, arriving at the university three-quarters of an hour later. Numerous other guests left the city on later cars while others, who had witnessed the ball game on the campus in the afternoon did not return to the city until after the dance was over.

The receiving party was composed of Samuel P. Davis, President and Mrs. George Emory Fellows, Mrs. N. C. Grover, Mrs. Walter Ross and Mrs. Harry A. Chapman.

SENIORS SAW THE SIGHTS OF THE MAGIC CITY.

On Tuesday morning, May 13, a large party, about twenty-five in all including the Seniors who are taking mechanical and electrical courses and also Professors Grover and Webb, left Orono for Millinocket where they had made arrangements to look over the plant of the Great Northern Paper Company. By the kindness of the management of the Bangor & Aroostook railroad, special rates of \$1.50 for the round trip had been secured. They returned on the evening train which reaches Orono about seven o'clock. All reported a very satisfactory trip and were much pleased with the courtesy with which they were treated at the plant.

U. OF M. vs. NORMAL SCHOOL.

With the wind blowing at a rate of 30 miles an hour and the thermometer nestling well down into the bulb, Maine and Castine Normal school contested for honors in baseball Friday afternoon, May 9. The small crowd which had assembled to watch the game, bunched closer together and the game began. Castine came to Orono with reputation of having defeated Coburn Classical Institute and as Maine had found Coburn to be no easy thing, a sharp game was anticipated. Castine opened things up lively in the first inning.

Bond was the first man up. He reached first on Davis' error, and went second on a pass ball. Bowman singled, scoring Bond. McKinnon struck out and Sandborne singled. Bowman was caught trying to make home on Sandborne's single. Connor retired the side by a grounder, Davis to first. Maine came to bat. Holmes met the first ball pitched for a pretty single. Thatcher managed to get in the way of the ball and went first. Carr filled the bases by getting first on an error by McKinnon at second and Davis was up. He got his eye on a good one, batting out a pretty single into centre field which scored Holmes and Thatcher. Mitchell struck out. Larrabee got a base on balls but Violet and Collins retired the side by striking out. Maine scored again in the second and third innings, netting her a total of four runs. Castine failed to score after the first inning until the fifth when she obtained one and then tied the score by getting two runs more in the sixth. Things were beginning to look a little dubious for Maine, when in the seventh inning she failed to score. But in the eighth, by bunching hits, five scores were added. Castine was unable to score after the sixth.

In the sixth inning Capt. Carr received injuries that put him out of the remainder of the game. Bowman hit into deep center and reaching first started for second as Holmes let it through him. Holmes returned the ball to Carr who, in endeavoring to catch it got in the way of the runner, receiving a blow in the back

of the head. He was taken from the field and for a while was out of his head. Holmes played second during the remainder of the game while Chadbourne took the former's place in centre field. The summary:

BATES vs. U. OF M.

The University of Maine lost the first game played against a Maine college on Saturday, May 3rd. Both teams played fast ball and the game was more interesting than what the score would indicate.

Both teams were confident of winning and it

was a pitcher's battle throughout. Towne pitched a good game for Bates and the work of Mitchell would compare well with the best.

Bates won by a few—phenomenal plays at critical times and costly errors on the part of Maine. The work of Larrabee was very good. Violette was tried behind the bat in the last part of the game and promises to be a strong man for the team. The score:

BATES.

U. OF M. vs. BOWDOIN.

On Thursday afternoon, May 8, occurred the Bowdoin-University of Maine game, the initial college game of baseball to be played on the campus this season. The game was scheduled for Wednesday, May 7, but on account of the heavy rainfall during the forenoon, it was postponed to the next day. We were able to judge Bowdoin's strength somewhat since she met defeat at Bates' hands by a score of 9 to 1, while the University of Maine was downed by the latter team 6 to 3.

While we were not over-confident of scoring a victory over Bowdoin, we were nevertheless strongly hopeful of swerving the tide of the game in our favor. Thursday dawned fair and remained favorable throughout, so that at 2.30 college exercises were suspended and everybody adjourned to Alumni field where the Cadet band under the eye of Director Graves, enlivened things by discoursing popular airs. In spite of the fact that it was a postponed game a generous crowd poured into the grand stand until it was comfortably filled.

It was just 3 o'clock when Umpire McCain tossed a brand new ball to Mitchell and the game was on. White stepped to the bat for Bowdoin. He failed to fathom Mitchell's curves and went back after three trials. Shaughnessey was next man up. He located one and sent it along the ground to Carr who should have gathered it in easily but instead he fumbled it and then when it was too late to catch the man, threw it wild to first and out into the rough ground that lies back of the goal posts. Mitchell broke through the crowd after it, while Shaughnessey was making a merry-go-round of the bases. Mitchell discovered the ball only when it was too late to catch the man before he had added a score to Bowdoin's tally.

The grandstand groaned except for a small contingent of Bowdoinites who could not exact-

Lewis, Bowdoin's pitcher, also a freshman, pitched a creditable game. He has good speed and curves and gives promise of developing into a fast man.

U. OF M. 14; COLBY 6.

On the afternoon of May 10th the University of Maine defeated Colby at Waterville in a severe batting game.

In the first Maine went down, one, two, three, each man finding the ball, but not for a safe hit. For Colby, Meserve got a single, Saunders got first on an error, but is put out at second, Keene is put out, Teague gets a single, and Pike is out on a fly to Holmes.

Davis gets a single in the second and steals second; Mitchell makes a hit to third and is out at first. Chadbourne gets a long fly to Leighton and Davis sprints home. Violette is out at first.

Mitchell limbers up and strikes out Pugsley and Leighton. Palmer gets a hit and then Meserve.

In the first half of third the ball was kept busy around the rare atmosphere by three singles, two doubles, a triple and a home run netting six scores for the Maine boys. In the second half Colby succeeds in getting three runs.

During the rest of the game both teams played very evenly until the ninth when Maine made another attempt and run in four runs.

The feature of the game was the batting of Davis who hit the ball for two singles and two triples out of five chances. Mitchell pitched a strong game and the work of Violette behind the bat was of the highest character.

BANGOR HIGH 4; U. OF M. 0.

The ladies of the university played their first matched game of basket ball Friday evening, May 2nd, before a large crowd, against the ladies of Bangor High. In practice everything seemed to look favorable for the Maine girls, but when the game was called the game was in doubt. The Bangor team played very snappy and showed that they were perfectly at home. During the first half, the university

team got two tries for goals on fouls but failed each time, neither side scoring the first half.

During the second half it was more interesting, as both teams played faster and in this half the work of Miss Hunt of Bangor was very prominent. On a try for a goal from a foul she succeeded and soon after placed another one in, from the field. It was a very interesting game and considering it was the first one for the college girls, they made a very creditable showing.

After the game a very enjoyable dance was held. About seventy couple participated. The line-up was as follows:

B. H. S.	U. OF M.
Miss Ropes, b.....f,	Miss Carr
Miss Stuart, b.....f,	Miss Rice
Miss Dole, c.....c,	Miss Maxfield
Miss Hunt, f.....b,	Miss Boland
Miss Thurston, f.....b,	Miss Ballentine

Goals from the field, Miss Hunt. Goals from fouls, Miss Hunt. Time, 10 min. halves.

FRESHMAN-SOPHOMORE MEET.

The Second Annual Dual Meet between the Freshmen and Sophomores occurred May 3rd on Alumni field. The features of the meet were the pole vaulting by Shaw '05, and Parker '04, and the mile run won by Lawrence '04.

The running broad jump, won by Parker, Soderstrom second, Perkins third. Distance, 19 ft. 10 inches.

Mile run: Lawrence '04, first; Hayes '05, second; Thomas '05, third. Time, 5 min. 3 4-5 sec.

Pole vault: Shaw '05, first; Parker '04, second; Higgins '05, third. Distance, 10 ft. 9 1/4 inches.

Half mile run: Smith '04, first; Cowin '05, second; Crowe '05, third. Time, 2 min. 22 4-5 sec.

100-yd. dash: Perkins '04, first; Parker '04, second; Prouty '05, third. Time, 10 3-5 seconds.

220 yd. dash: Perkins '04, first; Parker '04, second; Prouty '05, third. Time, 24 2-5 seconds.

440 yd. dash: Perkins '04, first; Taylor '04, second; Prouty '05, third. Time, 59 seconds.

2 mile run: Lawrence '04, first; Bachelder '05, second; Hayes '05, third. Time, 12 min. 5 sec.

High hurdles: Finals won by Bearce '05; Soderstrom '04, second; Parker '04, third. Time, 20 4-5 seconds.

220 hurdles: Finals, Parker '04, first; Perkins '04, second; Bearce '05, third. Time, 34 sec.

High jump: Shaw '05, and Soderstrom '04, tied for first; Parker '04, and Sweetser '05, tied for third. 5 ft. 2 inches.

Discus: Parker '04, first; Bearce '05, second; Higgins '05, third. Distance, 97 ft.

Hammer: Bearce '05, first; Crowley '04, second; Higgins '05, third. Distance, 103 ft. 6 inches.

Putting 16-pound shot: Prouty '05, and Shaw '05, tied for first; Higgins '05, third. Distance, 32 ft. 2 1/2 inches.

Distribution of points: Sophomores, 75 1/2; Freshmen, 50 1/2. Individual champion, Parker '04.

The college records were broken in the pole vault, broad jump and mile run, but these records do not hold.

CLASS MEET.

The annual class meet at the University of Maine came off Monday forenoon, May 12, and resulted in a victory for the senior class which captured a total of 43 points. The meet was scheduled to be held Saturday, May 10, but owing to the unfavorable weather it was deemed advisable to postpone it until Monday. The weather was fair Monday, but the stiff breeze which had sprung up made the time in the dashes slower than it perhaps otherwise would have been. However, on the whole the meet

was one of the most successful ever held on the Campus and the outcome, whereby seven college records were broken, reflects credit both on Coach Mack and Capt. Harris for the careful training and instruction which the men have received at their hands.

Silver started things toward the record-breaking alley by lowering the half mile record of 2 min. 10 1-5 sec, to 2 min. 9 4-5 sec.

The mile run was one of the prettiest contests of the forenoon. Butman, Hayes, Thomas and Kelley were entered but Butman dropped out on the third lap while the other contestants were about evenly matched and finished the third lap nearly together. In the fourth lap Hayes quickened his pace, being hard pushed by Thomas while Kelley dropped behind. Hayes sprinted at the finish with Thomas at his heels and crossed the tape with a lead of only about a foot, and lowering the college record by nearly 16 seconds.

Lawrence of the sophomore class, who last year broke the college record in the two mile run, was looking after his interests Monday, being entered only in this event, seemingly for the purpose of lowering his previous record. He finished with nearly a half lap between him and Batcheldor who came in second, while French did a two-lap exhibition in order to hold down third place. Lawrence lowered the record in this event by nearly 41 seconds.

In the pole vault Shaw, of the Freshman class, who has made a wonderful record in this department since he entered college, easily scaled the bar at 10 ft. 2 1/2 in., breaking the record by 3 3/4 in.

Soderstrom broke the record in the running high jump by an inch. Elliott who is strong at the weights this year, established a new record in the hammer throw at 115 ft. 5 in., which is 7.5 feet better than the college record.

Parker was after his share of record breaking laurels and cleared a distance of 20 ft. 3 1/2 in. in the running broad jump. The old

record was 19 ft. 5 in.

Individual championship was awarded to Elliott who obtained 14 points.

100 yards dash: Harris '03, 1st; Perkins '04, 2nd; Davis '02, 3d. Time, 10 4-5 sec.

Half-mile run: Silver '02, 1st; Cowan '05, 2nd; Smith '04, 3d. Time, 2 min. 9 2-5 sec.

120 yards hurdle: Davis '02, 1st, Thatcher '05, 2nd; McClure '05, 3d. Time, 18 2-5 sec.

440 yards dash: Connor '03, 1st; Perkins '04, 2nd; French '02, 3d. Time, 55 3-5 sec.

One mile run: Hayes '05, 1st; Thomas '05, 2nd; Kelley '02, 3d. Time, 5 min. 2 4-5 sec.

220 yards hurdle: Thatcher '05, 1st; Sweetser '05, 2nd; McClure '05, 3d. Time, 30 2-5 sec.

220 yards dash: Harris '03, 1st; Perkins '04, 2nd; Connor '03, 3d. Time, 24 sec.

Two mile run: Lawrence '04, 1st; Batcheldor '05, 2nd; French '02, 3d. Time, 11 min. 5 4-5 sec.

Pole vault: Shaw '05, 1st; Parker '04, 2nd; Davis '02, 3d. Height, 10 ft. 2 1/2 in.

Putting sixteen pound shot: Elliott '02, 1st; Davis '02, 2nd; Prouty '05, 3d. Distance, 35 ft. 15 in.

Running high jump: Soderstrom '04, 1st, Davis '02, 2nd; Shaw '05, 3d. Height, 5 ft. 6.5 in.

Throwing sixteen pound hammer: Elliott '02, 1st; Bearce '05, 2nd; Watson '02, 3d. Distance, 115 ft. 5 in.

Running broad jump: Parker '04, 1st; Elliott '02, 2nd; Soderstrom '04, 3d. Distance, 20 ft. 3.5 in.

Throwing the discus: Watson '02, 1st; Elliott '02, 2nd; Parker '04, 3d. Distance, 101 ft. 4 in.

(In practice since 1889.)
