University Library Wants Material on University

Works by or about Alumni and Faculty Are Desired. Miscellaneous Material To Be Filed

The University Library is trying to get a representative collection of material dealing with the University and persons or organizations connected with it. We are anxious to receive any books, periodicals, pamphlets, reprints of articles, etc. relating to the following subjects:

The University of Maine and its activities, past, present, and future.

Works by or about alumni or alumni organizations.

Works by the members of the faculty.

The Library is also aiming to make available for general use the mass of miscellaneous material which is being constantly received from various sources. This material comes in the form of pamphlets, leaflets, circulars, and sometimes bound books, presented by publishers, by individuals, and societies; the advertising matter sent out free by banks, factories, and other lines of business often contains material which is not available in any other form. Some of it is not worth putting thru the regular processes of classification and cataloging, but could be made very useful if classified very roughly by subject and arranged thus in a vertical file. Many questions come in over the library desk that such material might answer quickly, when it would take hours to dig the answer out of reference books, magazines, etc.

In newspaper offices such material is collected and arranged so as to be instantly available for obtaining information about anything under the sun. Facts and clippings about men and women in public life are collected so that complete biographies can be written up in a few minutes. Reporters refer affectionately to these files as "the morgue," because that is where they can find all the material about a man as soon as he is dead.

Members of the faculty or students who think any material they get—and don't want—could be useful to anyone, are requested to bring it to the Library, instead of throwing it into the waste basket.

Annual Sophomore Hop Enjoyed by Large Number

The annual Sophomore Hop was held in the gymnasium Monday evening, February 21. The hall was very artistically decorated with streamers of the class colors and red, white, and blue lights. The fraternity booths were prominent and at the farther end of the gymnasium was a booth where punch was served. The details for the dance were arranged by Jerry Dunn and his hop committee who were ably assisted by the rest of the class.

A reception was held from eight until nine, the committee consisting of: President and Mrs. Alek; Dean and Mrs. Boardman; Mr. James A. Gannett; Mrs. D. Ferris Thomas.

The patronesses were: Mrs. J. N. Hart, Mrs. J. S. Stevens, Mrs. L. S. Merrill, Mrs. J. H. Huddleston, Mrs. K. C. Estabrooke, Mrs. Mary J. Parcher, Mrs. Ella J. Mason, Mrs. Mary W. Stuart, Miss Mary Hopkins, Miss Hendrickson, Miss Mary C. Perkins.

Music was furnished by the Six Synopaters who played for an order of twenty dances. A record number attended the Hop and dancing lasted until 1 o'clock.

The floor director, Kenneth F. Woodbury, was aided by: George W. Webb, David W. Hoyt, Howard H. Randlette, Jacob M. Horne, George A. Holt, Philip H. Stevens, Oscar F. Norrell, R. Clifford Merrow, Earl V. Litchfield, Clyde A. McKeeman, Frank P. Dobbins, Harold J. Cooney, Paul J. Leach, Louis O. Levine.

It is a heap better for a bald-headed man to be sensible under it than to be sensitive over it.

Sigma Nu Champions Intramural Basketball

The Sigma Nu captured the Intramural championship in basketball by defeating Sigma Chi in two successive games played on Wednesday and Thursday evenings of last week. The first game was very one-sided with Sigma Nu on the large end of a 21-12 victory.

The second game, however, was very close, and the outcome of the game was in doubt until the final whistle blew, when it was found that Sigma Nu was a few points ahead of her opponents.

Many students attended the games and the rivalry between the two cheering sections was as keen as if the two teams were from opposing colleges. The game which was scheduled for Saturday afternoon was unnecessary as the Sigma Nu's won the required two out of three games.

The summary of the games follows:
Sigma Nu (21) Sigma Chi (12)
Reed rf 1 (4).....rf O'Reagan
Driscoll lf 6.....lf Small 1
Jowett c 2.....c Spear 1
Johnson rg.....rg Norrell 1
King lg.....lg Malenocka
.....lg Carter

Sigma Nu (18) Sigma Chi (16)
Reed rf 2 (4).....rf O'Reagan 1
Driscoll lf 3.....lf Small
Jowett c 2.....c Spear 3 (8)
Johnson rg.....rg Norrell
King lg.....lg Malenocka
.....lg Carter

Y. W. C. A. Holds Interesting Meeting

An unusually interesting meeting of the Y. W. C. A. was held at Balentine Hall, Sunday evening. The meeting was opened with the singing of hymns after which there was a vocal solo by Ardelle Cooney accompanied by Frances Dunning. The speaker of the evening was Judge Dunn, who gave a very interesting talk. His subject was "Citizenship."

Alpha Chi Sigma Holds Sleigh Ride Saturday

In spite of the lack of snow on Saturday, Feb. 19, Alpha Chi Sigma had a delightful sleigh-ride party. Ten couples went down to Eddington to the Billington Hotel where they had supper. Dancing was afterwards enjoyed in the Grange Hall. The party came back to Bangor by sleigh and then to Orono by automobile.

Here's a job for the whole of you if you want to do something for your college. President Alek told you at chapel, Friday, just what the University's troubles are and what you can do to help meet them. If any of you could have any influence at all we beg you to use it. The University never needed your help so much as she does now.

The Barwise Bill Is Discussed by Committee

Pep Towner Spoke Before Committee. Bill Opposed by Rep. Dodge and Bishop Walsh

A lengthy discussion of the Barwise Bill, with its provisions for making the University of Maine a state institution was taken up by the committee on Education in the legislature, Thursday.

Rep. Barwise of Bangor, the author of the bill and a member of the committee, spoke in favor of the bill, W. D. Towner, general alumni secretary, also spoke in favor of the bill but differed in some particulars from Rep. Barwise. He said it was not an alumni bill and had not been approved by any large body of the alumni. He believed that the alumni would be satisfied with a larger representation without having control of the selection of trustees. He was also of the opinion that it would be a mistake to retire all of the present board of trustees in July 1, 1922 as it would prove embarrassing to both groups of men. As to a board of overseers it seemed to Mr. Towner that the work was being carried on by the advisory council of the alumni.

Opposition to the bill came from Rep. Dodge of Portland because it made the University a state institution which would cause larger expenditures for the state. He felt that the state has been doing all it could and should not be called upon to assume more responsibilities.

Rev. Louis S. Walsh, Bishop of Maine, spoke briefly in opposition to the bill basing his remarks on three points: the indefiniteness of the first section which established the University as a state institution, which might lead to claims which no one could now contemplate; that the University would be a much stronger institution if kept as a school of agriculture and mechanic arts as was originally planned, and a school that represented the state should be controlled by a body, a majority of which was taken from graduates or former students. He also protested against lowering the standard of the school by granting the A. B. degrees to students graduating without having taken either Latin or Greek.

Freshmen Banquet Held in Bangor

The Freshman Banquet was held Monday, Feb. 21, at the A. O. H. Hall in Bangor. The program included some interesting and very original toasts by sixteen well known freshmen, including three class officers. Jack Reid held the important and nerve-racking position of toastmaster.

Everyone had an extremely enjoyable evening, as is shown by the fact that even such eminent and weighty speakers as Ray Smith and Gene McDonald could get but a divided attention. The latter part of the evening was spent in acquiring autographs and other souvenirs of the event.

A man can do a lot of things. But any wife can tell you that he can't get anything out of an ice-box without spilling something.

Some tightwads imagine that expensive things are things that you can't buy in a 10-cent store.

We of the University find it difficult to express our sorrow at the death of Clara Preble of the sophomore class, which occurred on last Wednesday. An ideal student and loyal friend, she was a model for all who had the privilege of intimate association with her than we, and who must need who were nearer and dearer to her. To her parents and relatives essentially grief the more over her loss, we offer our deepest sympathy, in the hope that still clinging to the memory of her beautiful life, they may finally become reconciled to her departure.

Intramural Field Events Were Held Saturday

The field events of the Intramural track meet were run off in the cage of the gym Saturday afternoon. The Phi Eta Kappa fraternity secured twenty-one points, Delta Tau Delta eight, Phi Gamma Delta five, Commons Council and Theta Chi captured one point each.

Wood of Phi Eta Kappa was the individual high point winner of the afternoon. He took first place in the high jump and tied for first in the pole vault.

Next Saturday afternoon the track events will be run off on the board track near Alumni Hall. If the weather is bad they will be run on the track in the gym. Much interest has been shown in these events and many of the contestants have been training for weeks for this meet.

Shot Put: Murray, Phi Gamma Delta, 1st, Dis. 33.08; Strout, Phi Eta Kappa, 2nd; J. R. Smith, Commons Council, 3rd.

High Jump: Wood, Phi Eta Kappa, 1st, Dis. 5 ft. 1 1/2 in.; Haggerty and Ackley (Tied for second)

Broad Jump: Pratt, Delta Tau Delta, 1st, Dis. 20 ft. 5 in.; Ackley, Phi Eta Kappa, 2nd; Pinkham, Theta Chi, 3rd.

Pole Vault: Perkins and Wood, Phi Eta Kappa (Tied 1st) Dis. 9 ft. 7 in.; Pratt, Delta Tau Delta, 3rd.

Score:	
Phi Eta Kappa	21
Delta Tau Delta	8
Phi Gamma Delta	5
Commons Council	1
Theta Chi	1

Dr. Willard Scott Spoke To Students in Chapel

Dr. Willard Scott spoke to the student body at the chapel meeting last Wednesday. His talk was on the value of a college education. Dr. Scott made the point that college does not mean the most to those who gain merely a few years of book knowledge and a degree to crown their efforts, but college means most to those who learn, during their student years, to face any circumstance the world may offer and come out victorious. The students who are made better able to cope with the serious situations of life and who feel competent to stand alone wherever they may be placed—these students have gained the great benefit which a college education is intended to confer. These were the sentiments expressed by the speaker, and he made a strong appeal to all young people to so live that in their later years they might reap the harvest of blessings and the satisfaction of a well spent life which is the reward of a good and profitable youth.

Girls Are to Have Class Rifle Teams

Girls' rifle practice is progressing rapidly and Sergeant Kidney is very pleased with the headway the girls have made. Many of the girls are boasting even of bull's-eyes. Class teams are soon to be organized and meets to be held.

Operetta Rehearsals Are Most Encouraging

The operetta rehearsals are most encouraging. From now until March 5th, when the operetta is to be given, every spare minute will be spent at rehearsals. Every girl in the club is doing her best to make this year a successful one.

This operetta is going to be entirely different from anything ever given before.

Four teams have been added to Columbia's 1921 baseball schedule—Navy Academy, Army, Bowdoin, and the University of Virginia. The schedule this year will begin with Bowdoin at South Field, on March 1. Other teams on the list are Yale, Harvard, New York City College and New York University.

Portland Athletic Club Defeated Here Friday

The Maine Team Did Some Fast Passing, Making the Score 38-14

The University of Maine basketball team defeated the Portland Athletic Club here Friday evening in the last home game of the season. It was a rather one sided game and every man on the Maine team starred.

Berg of Maine was the chief attraction of the evening. His passing and dodging was a feature in itself. He succeeded in caging four baskets from the floor besides shooting four fouls from free tries.

Coady also played a strong game for Maine. He showed a very good exhibition of basket shooting and was on the defense at all times.

O'Connell of the P. A. C. played a fast game while he lasted but was removed during the second period for having fouled four times.

The summary:

MAINE (38)	P. A. C. (14)
Coady lf 5 (4).....rb O'Brien (4)	
Holmes rf 4.....lb Rouse	
Turner c 1.....lb Casey 1	
Judkins lb 1.....c Jellison	
Berg rb 4 (4).....rf McCarty 2	
Woodman rb.....lf O'Connell 2	
Referee: Sawyer of Amherst.	

Farmer's Week to Be Week of March 28

Farmers' Week, an annual event at the College of Agriculture, will occur during the spring vacation. It comes rather late in the season to suit the average farmer, but it could not be held when the University is in session, because of the crowded condition of the dormitories and classrooms.

A special feature will be a tractor school, beginning Monday, March 28, and continuing until Saturday noon, April 3. It will be under the supervision of Prof. Walter D. Emerson of the department of mechanical engineering. The course will consist of both lectures and laboratory practice.

The general program of the week will begin with registrations, Monday afternoon, and be continued until Friday evening. There will be lectures and discussions on very many topics relating to present-day agriculture, and demonstrations in various lines. Special programs will be held by the Maine Federation of Agricultural Associations, the Maine Seed Improvement Association, the Maine Pomological Society, the Maine Beekeepers, the Maine School Course Alumni Association, the Maine Livestock Breeders' Association and the Maine Holstein Breeders' Association. The annual meeting of the Maine Federation of Farm Bureaus will also be held here, the second day.

The seniors in the home economics course, with the members of their faculty, will give a reception at the Practice House, the evening of March 29. Lectures and demonstrations relating to foods, dress, health and care of the home, and a real style show will be included in the program especially arranged for women who attend the course.

The women will be boarded at Balentine, and the men at Oak and Hannibal Hamlin Halls.

College of Law to Be Reopened in Bangor

The trustees of the University are planning to reopen the College of Law in Bangor in the fall, provided the legislature grants an appropriation of a sufficient sum to make it possible. In the Bill now before the legislature for the University, the sum of \$15,000 is asked for the College of Law covering the years 1921 and 1922.

Bushels of wheat, bushels of rye,
If I had some jack, I wouldn't be dry.

Editorial

We don't like to crab all the time but when the same thing happens twice we feel that a bit of criticism may avoid another repetition. Last year the dance orders for the Sophomore Hop were about as cheap as could be obtained and still be presentable. But the dance orders this year were so cheap that one was ashamed to present it to his partner. A formal dance is supposed to be quite a choice occasion. And here at Maine we like to make ourselves believe that we do things a little bit better than at Colby or at Bowdoin. For the formal dances we pick out the best co-eds we can find, or perhaps we have someone come up from home, or from some other college. We want to give them a good time but we want it to be a little better than the ordinary, a little bit better than any other dance they may have attended.

The first thing we do in the course of the evening is to show the girl her dance order. If the first impression is the most lasting, what kind of an impression did your girl have of the dance? The music was good, and the refreshments were good but they are soon forgotten. The dance will be remembered by the dance order.

We don't believe that at any other college such orders would be accepted. It would appear, too, that one college had already refused to accept the orders that were used at the Hop. Under no conditions could any company have forced the sophomores to accept the orders for surely they were not what were ordered.

We are sorry for the Hop committee that things happened the way they did. It is too late now to mend any mistakes but we hope in the future that we can present to the partner of the evening an order which she can use to remember the occasion by and show it to others without feeling ashamed of it.

Hazing is the term that is used to describe all conflicts between the freshman and sophomore classes. In the past this term has given the University a great deal of undesirable publicity. So both the term and the cause for its origin have been done away with. We cannot keep from the public the fact that both classes were recently organized and were out on the war path, that the sophomore president was in great demand by one class and the freshman president, by the other. But we do want the public to know that there was no hazing at this time as there was no conflict between the classes. The leaders of the parties planned a wonderful campaign. The freshman chief paraded his warriors Wednesday night, and the sophomore mahdi called forth his faithful few Thursday night. We wish to express our thanks to these two great leaders for using such good judgment

inasmuch as they upheld the old customs but did away with the cause for the undesirable publicity.

For the past few days there has been some little excitement on the campus due to the annual Sophomore-Freshman battle. The conflict seems to be more spirited this year and every one is anxious for the Hop to come to find out the results.

The Maine Central and the B. R. & E. have been doing a rushing business since last Monday and even before then. No doubt many of the home towns were glad to see their freshmen back.

LOOKING BACK

A YEAR AGO

The intramural basketball series ended with Kappa Sigma leading the North League and Alpha Tau Omega at the head of the South League.

The "M" Club presented a vaudeville show in the chapel Monday evening.

The annual Farmers' Week is to take place here during the Easter vacation.

The Economics Club was organized at a recent meeting of members of the junior and senior classes and of the faculty of the department of economics.

FIVE YEARS AGO

A controversy between the freshmen and sophomores which might have ended in a riot was prevented by the timely intervention of the Senior Skulls and Junior Masks.

The recent proposal of Dr. Aley concerning the construction of a Student Union building at Maine similar to that recently erected at Bowdoin, met with general approval on the part of the students and alumni.

A real "Heck" band will supply the music, real "Heck" speakers will occupy the platform, and real "Hecks" will instill the pep at the Agricultural rally to be held Friday.

TEN YEARS AGO

The Musical Clubs gave a concert in Bangor under the auspices of the Brotherhood of Locomotive Engineers.

Coach Smith has begun the task of whipping the track squad into shape for the eight meets which are scheduled for the season.

Eight hundred boys who attended the Y. M. C. A. convention in Bangor visited the campus Saturday and were addressed by President Aley.

THIRTY YEARS AGO

It is much regretted that the Orono Town Hall has been destroyed by fire. How can '91 graduate?

The baseball candidates are practising daily in the little shed known as the "gym."

Several of the members of the faculty have taken up special work in larger colleges during the vacation. Professor Hart has taken a math course at Clark University. Mr. Webb has taken machine work at Cornell, and Mr. Grover has received instruction in bridge work at M. I. T.

FRATERNITY NOTES

SIGMA ALPHA EPSILON

Among the visitors that were entertained at the house last Sunday were "Dutch" Connors, Flanders, and Perry from New Hampshire State College.

Bros. Campbell, McGouldrick, and Jones are back for the annual 22nd banquet which takes place at the Bangor House Tuesday night.

"Pink" Erie of Calais was a visitor at the house over the week-end.

"Cy" Dobbins left for parts unknown Friday. Perhaps the freshmen know something of his whereabouts.

Jocelyn took his usual Saturday night jaunt to Bangor.

Rock and Pettee went on a fishing trip to Tunk Pond over the week-end.

"Johnny" Eames was taken to the hospital last Monday night to have an operation performed for appendicitis. The reports state that he is getting along nicely.

Movies and dances are now a thing of the past with Carl Stevens and "Gus" Fenderson and their address for the next eight weeks will be Mt. Vernon House.

"Johnny" Whitmore spent the week-end at his home in Bucksport.

"Chick" Tarbox is showing great talent with the cornet and hopes some day to be band leader.

Jim Adams was entertained as usual by friends at Bangor.

Preston Lurvey who is employed by the E. E. Wentworth Corp at Bangor was a guest at dinner Sunday.

The following are the new pledges: Thompson and Howe '24, Brackin and Ross '23.

BETA GAMMA

The Beta Gamma girls were given a very pretty valentine party, Saturday afternoon, February 19, by their patronesses, Mrs. Simmons, Mrs. Walkley and Mrs. Davee. The party was held at Mrs. Davee's home. The house was attractively decorated with valentine hearts. Many clever games were enjoyed during the afternoon. Delicious refreshments of ice cream, cake, and cookies were served.

PHI KAPPA SIGMA

Buck Thomas has been spending the week in parts unknown.

Peanut Litchfield has left the house and is staying at Phi Gam.

Several of the girls who are to attend the Sophomore Hop are guests at the house over the week-end.

Chub Thomas spent part of Friday in the ice chest. Two other sophomores spent the same time in other parts of the house.

The social committee is planning an informal party for the twenty-second.

BETA THETA PI

The boys enjoyed Philip Hodgdon's cigars.

Harry Belyea, Ithica Conservatory of Music, is a guest at the house.

A. F. Parrot passed the week-end in Augusta.

The Brown-Thompson Syndicate featured the famous "Melody Makers" at the City Hall, Old Town Tuesday night with great success.

Philip Oak and Richard Dolliver passed the week-end at their homes in Bangor.

The house team defeated the S. A. E. team Saturday afternoon by a score of 21 to 3.

Pat French is back, full of pep and ambition.

PHI MU

Lucy Kilby was at her home in Eastport over the week-end.

Plans are being made for a visit by Mrs. Berie Molleson, president of Beta province.

Ruth Coombs returned to her college duties last Monday.

We have received another pledged brother.

Cennie Phelps and Edith Scott are on the campus attending the Sigma Nu house party.

PHI EPSILON PI

The first house party of the year is to take place at the chapter house Friday evening. Mr. and Mrs. Abe Goldsmith will act as chaperones.

The house will be well represented at the Sophomore Hop and Freshman Banquet.

PHI GAMMA DELTA

A number of the fellows were home over the week-end. Among them were: Tom Murphy, Jim Davidson, Don Cross, Marty Sweetser and Bill Johnson.

Cyke Archer was given a surprise party at his home in Bangor on his birthday, Sunday.

Jack Horn was "spirited" away some time early Monday morning.

KAPPA SIGMA

An informal houseparty and dance was held at the house last Saturday evening. Mrs. Mason entertained some of her Orono friends with a bridge party while the dancing was going on. During the first part of the evening Mrs. Mason asked all the men to get together in one of the rooms and all the ladies in another. Favors were then passed around to each. For the next dance the men had to find the girl whose favor matched his. This was quite a surprise to everybody and afforded a lot of fun and amusement. Punch, ice cream, cake and sandwiches were served for refreshments. The music was furnished by Reichy, Fenderson, and Merrow.

Charles Hotham was sent as a delegate from Psi to the Beta Alpha chapter at Providence to their initiation and banquet. Leonard Jordan went with Hotham to Providence to visit friends there. On their way back both of them stopped off at Boston to attend the District Conclave which took place Tuesday evening.

Newman Young was away over the week-end and holiday.

LAMBDA DELTA

Conan Priest, Phillip Rollins, and David Hoyt spent the week-end in Farmington.

Earl Perkins spent the week-end at home.

PHI ETA KAPPA

Beecker, Vaughn and Wells went on the Alpha Chi Sigma sleighride.

"Kick" Clough is still wondering who stole his mattress last Saturday night.

Frank Preti is located in the Fidelity Bldg. in Portland.

Harry Watson, McCobb and Frenchy visited their homes last Saturday and Sunday.

"Gun" and Conrad Kennison spent the last week-end at their home in Madison.

"Woody" spent the week-end at Howland, Me.

Miss Carville of Farmington was a guest at the house last Saturday and Sunday.

NOTICES

Monday and Wednesday nights, Sophomore basketball practice at 8 o'clock.

February 25, Veterans of Foreign Wars Dance. Get your tickets from Harkness, S. A. E.; Libby, S. N.; or McKenney, A. T. U.

March 5, An operetta by the Girls' Glee Club.

Interclass Basketball Schedule
March 1 Seniors vs. Freshmen
Juniors vs. Sophomores
March 2 Seniors vs. Sophomores
Juniors vs. Freshmen
March 3 Seniors vs. Juniors
Sophomores vs. Freshmen

Mount Union College claims to be the originator of collegiate basketball. A tablet in the gymnasium of this Ohio school has an inscription to the effect that the first game was played there in March, 1892. "The Dynamo", the student publication says: "We know of no college in the United States which can establish the claim that basketball was played previous to this date."

Kansas leads in the number of students in their own state university in proportion to the population of the state. For every 10,000 inhabitants in the state, there are the following number of students in the respective state universities: Kansas - 27; Michigan 24; Minnesota - 22; Iowa - 21; Nebraska 21; Wisconsin - 19; Indiana - 15; Oklahoma - 10; Illinois - 8; and Missouri - 8.

Prof. H. S. Hill of the department of agricultural education will attend at Atlantic City, the annual meeting of the National Society of Vocational Education. He has been appointed chairman of the committee on methods of instruction. After the meeting he will devote a number of days to visiting high schools in New Jersey and Pennsylvania.

"23: How many men are there in the freshman class?"

Also: "About thirty."

"23: Is that all?"

Also: "Sure, but the rest will grow up eventually."

He meant to pop the question, But prudence made him stop, For even if accepted, He'd have to question pop.

That success brings a bald head? Whoever saw a bald headed bum?

That flannel shirts are as popular now, as silk shirts used to be?

The drinking water from the farm must be healthy because it's "well" water?

The A. B. College closed temporarily Wednesday while the plumbers fixed the steam-pipe?

That many a man's future has been ruined by the discovery that he can part his hair in the middle?

That Bangor can be "wet" on special occasions?

How recklessly one of the faculty members drives his ninety-horsepower enclosed Locomobile?

The number of freshmen without toques?

That Sherlock himself, has nothing on "Bob" Ingersoll?

What a shame it is that the clippers have been laid away on the shelf?

That even steam does a lot of knocking these days?

That algebra came into general use about 1590. It ought to be pretty well used up now.

The '23 banner on the front of Balentine?

Boobina McNutt "Prey"ing?

The number of telephone calls from the "House of Mystery"?

Ina acquiring the rudiments of coaching?

The sophomore's signal lights in front of Sigma Nu?

That Buck Thomas is scarce on the campus?

The small number at the basketball game Friday?

Hep Pratt and Roger Castle avoiding Balentine? Neither have we.

That the freshmen have automatically become upper classmen?

The "seven birds sitting in a row" in the Balentine reception room Sunday evening?

The large chapel attendance?

Mabel: "Bill's been filing his love letters."

Lizzie: "Were they as rough as that?"

First Grind: "What makes that red spot on your nose?"

Another Grind: "Glasses."

First Grind: "Glasses of what?"

"It's the breeze that blew my gal away," said the country boy as he listened to his college cousin's line.

She: "Stand away from that post, there's fresh paint on it."

He: "Oh, I thought it was your face I was smelling."

"She isn't exactly pretty but she has that indefinable something—"

"So I hear; her father has piles of it."

ALUMNI NOTES—Continued

The many friends of Allen Sherman will be pleased to learn that he has passed his Massachusetts Bar Examination and has been admitted to the Massachusetts Bar.

Mr. Sherman obtained his A. B. degree from Dartmouth in 1915. He then attended the Harvard Law School transferring to Maine where he obtained his LL. B. in 1918 and LL. M. in 1919. While attending the University, Mr. Sherman was an instructor in the Law School. He is a member of Phi Kappa Phi, Phi Alpha Delta, and Phi Gamma Delta fraternities. He is intending to practice law in New Bedford.

Were you ever late for classes when you didn't mean to be?
Did you ever get your mail and find a big pine tree?
Were you ever called in class and unable to recite?
Did you ever flunk a course 'cause you went out every night?
Were you ever short of cash when a dance was in the gym
So you couldn't take your girl and she up and went with him?
Did you ever tell your folks that an E meant excellent?
Or try to get to Bangor when you didn't have a cent?
Were you ever sure you'd get an A and found that by mistake
A little F adorned your card to make your old heart quake?
It matters not who asks you or where the place or clime
If you're from "Maine" all you can say is "Yes, friend, many a time."

Close up the churches right away. The issue stands out clear. For at the funerals, so they say, they pass around the bier.

A Kansas man has a cow who chewed off a rooster's tail and the next day when he milked her she gave a gallon and a half of the finest cocktail. We had a cow ourselves once who swallowed an almanac and gave creamed dates.

Columbia—The baseball team of Waseda University, Japan, will play Columbia University at New York next spring; they also have games scheduled in Chicago and Boston.

Jean: "Yes, he had the audacity to kiss me."

Ette: "Of course, you were very indignant?"

Jean: "Yes, every time."

The University of Pittsburgh has in its library a very rare book which is 350 years old. It is a copy of the first translation of Euclid's Elements of Geometry.

A survey of conditions in rooming and boarding places throughout the University district is being conducted by students in Sociology classes at Mar-

LAW

THE BOSTON UNIVERSITY LAW SCHOOL

Trains students in the principles of the law and in the technique of the profession so as to best prepare them for active practice wherever the English system of law prevails.

America's new place in international politics and commerce challenges the young American.

He must equip himself for new world conditions with a knowledge of legal fundamentals.

LAW—Its principles and application to all business is almost as necessary to the coming business man as it is indispensable to the lawyer.

Special scholarships (\$75 per year) are awarded to college graduates.

Course for LL.B. requires 3 school years. Those who have received this degree from this or any other approved school of law may receive LL.M. on the completion of one year's resident attendance under the direction of Dr. Melville M. Bigelow. Several \$25 and \$50 scholarships open in this course.

Astronomers have discovered a new star which is arousing unusual interest. It is known as the Nova Sagittarii star or "novae." Stars of this kind burst suddenly into flame and then fade away until they are invisible to the eye. Sometimes they can still be seen by powerful telescopes, while again they disappear entirely. During the past 400 years twenty-four such stars have been discovered. Astronomers have many theories to account for the sudden disappearance to such stars, but they still remain a mystery. Some of them appear regularly at intervals of centuries. There have been more of them in the past thirty years, but this is explained by the fact that more powerful telescopes are in use and more astronomers are constantly on the lookout for them.

There is danger that we may soon forget the taste of fruit and flavors in general. In the last few years chemistry has made marvelous progress in manufacturing synthetic flavors. It is much cheaper to manufacture the flavor of a peach or an orange than to grow the real original fruit. Since we eat preserved fruits oftener than the real fruit, we are in danger of acquiring a taste of an artificial flavor. Another generation, it is prophesied, will object to the flavor of a peach or a pear as being unnatural. An interesting test has recently been made by analyzing strawberry jam. It was found to contain apples synthetically flavored, while the seeds when analyzed turned out to be clover.

It's curious what curious things accumulate around a college building. During a recent ramble thru neglected store rooms in a building at Franklin College, Indiana, a student found a form of Chinese type ready for the printer, a book on "Spanish Manners," and a Greek love story.

From a recent survey of fifty-two girls at the University of Missouri, it was found that the girls averaged \$63.10 a month for expenses. The amounts ran from \$35.00 to \$135.00 a month. Only eight spent more than \$75.00, and four more than \$100.00. The report does not say whether this amount covers board, room, clothes, books, and the thousand and one things which are considered essential to university life.

At least 366 institutions of higher grade are known to have conducted summer schools during 1920; in the 264 who reported their enrollment to the Commissioner of Education, there was an increase in the attendance over that of 1919 of 26,778 students.

Most foolish thing a man might do. Tho he live for many a day.

Is to sit him down and write a rhyme When he ain't got a thing to say.

Self-trust is the first secret of success.

Make thy life one brave endeavor, one grand sweet song.

Instead of complaining of the thorns among the roses, we should be thankful there are roses among the thorns.

Don't bark against the bad, but chant the beauty of the good.

We often fail by searching far and wide for what lies close at hand.

All things come round to him who will but wait.

Make the truth thine own for truth's own sake.

What stronger breastplate than a heart untainted.

If all the year were holiday, to sport would be as tedious as to work.

For manners are not idle but the fruit of loyal nature and of noble mind.

Miyo Kohashi, the first Japanese woman to edit a woman's page in her own country, has been studying journalism at Columbia University.

Few women attend foreign universities. In Italy one student out of seven is a woman, in Germany the ratio is one out of nine, and in France it is one out of ten.

There are 21,653 teachers in the colleges and universities of the United States, with 13,103 teachers in professional schools.

Arrest all frogs, the edict goes, until this tumult stops. The evidence most plainly shows that they are full of hop.

Interesting Talks At Electrical Meeting

A meeting of the American Institute of Electrical Engineers was held last Wednesday in Lord Hall. W. S. Stevenson gave an interesting account of some of his summer work in electrical lines. He pointed out some promising fields for upper classmen in the electrical engineering course who wished to work during vacations and at the same time learn the practical side of an electrician's work.

J. Bernard talked about wireless apparatus on airplanes, especially as applied to the government mail service. Bernard has had much practical experience in this line which added greatly to the value of his talk.

Girl's Mandolin Club Is Well Under Way

The Girls' Mandolin Club has started rehearsals under the leadership of Miss Lucy Chamberlain. There are about twenty girls in the club and they are all exceptionally good players.

The rehearsals are Tuesday evenings. The club plans to play a few selections at the Operetta and not have a regular concert.

Economics Club Will Have Speaker Thursday

Harry W. Laidler, the eminent social-ist, will address the Economics Club Thursday evening at 7 P. M. in 30 Cornburn Hall. Everyone is invited and it is hoped a large crowd will be present to hear Mr. Laidler.

Columbia in 1870 boasted its first football team. Scientific coaching was unheard of and there was no such thing as training. It was the custom for the home team to give the visitors a banquet before and after the game. It is said that the easy going coal keeper could take the advantages of the tedious periods between coals to smoke a cigar. The game was much rougher than that played today.

A "Hello Day" has been set aside by the Student Council of Missouri University, when every student is expected to speak to every other student regardless of formal introduction.

Death Loves a Shining Mark—Life Loves an Easy One.

Sigma Nu Holiday Party Was Great Success

The past week-end was certainly lively for the Sigma Nu house, with its annual Washington's Birthday Party, and the Sophomore Hop.

The formal party was held on Friday evening, the eighteenth. Dancing was in order from eight until two, the music being furnished by Davis' Jazz Orchestra of Bangor. During intermission a buffet lunch was served.

On Saturday evening, an informal party, cabaret style, was given. Tables were arranged about the sides of the main hall for the refreshments between dances.

On Sunday night all went on a short sleigh ride, returning to the house for a light supper.

All except a few who went to a certain "banquet," attended the Sophomore Hop on Monday evening, returning to the house at intermission for refreshments.

The party was a great success. Mrs. J. C. Milliken of Bar Harbor and Dr. and Mrs. C. W. Maxfield of Bangor were chaperones.

Ralph Knott of Bangor, a Sigma Nu from Bowdoin, was a guest.

The following alumni, remembering the good time they had last year, were back: Willard Wight, Runt Purinton, Fid Atwood, Misty Fogg, and Johnnie Walker.

BALENTINE NOTES

Miss Helen Hamlin has been entertaining her sister for the week-end.

Mildred Close, Helena Bissonette, and Christine Peterson spent the week-end at the home of Mr. and Mrs. Hosea Buck of Bangor. The occasion was an engagement party for Mildred Close and Lester Cary.

Gladys Gould and Alice Doble are spending a few days at their home in Milo.

Ruth Coombs has returned to college. Arlene Bennett is entertaining her aunt at the "Maples" for a few days.

The annual Sophomore-Freshman "scrap" took place on fourth floor, Friday afternoon.

Ardis Lancy is visiting her sister, Mrs. Norman Donohue of Belfast for a few days.

Martha Chase is spending a few days at her home in Sebect.

Marguerite Simpson and Gladys Springer are spending the week-end in Waterville.

Helen Downes is at her home in Winterport.

Leona DeBeck was called home Thursday by the illness of her mother.

The following is an extract from a letter received from a man who has been asked to pay his bill. It seems to be the general opinion of today:

"For the following reason I am unable to send you the check asked for:

"I have been held up, held down, sandbagged, walked on, sat on, flattened out and squeezed.

"First, by the United States Government for Federal war tax, the excess profits tax, the Liberty loan bonds, by every society and organization that the inventive mind of man can invent, to extract what I may or may not have in my possession.

"From the Society of St. John the Baptist, the G. A. R., the Women's Relief, the Navy Legion, the Red Cross, the Black Cross, the Purple Cross, the Double Cross, the Children's Home, the Dorcas Society, the Jewish Relief, the Belgian Relief, and every hospital in town.

"The Government has so governed my business that I don't know who owns it; I am inspected, suspected, examined, re-examined, informed, required, and commanded, so I don't know who I am, where I am or why I am here. All that I know is that I am supposed to be an inexhaustible supply of money for every known need, desire or hope of the human race, and because I will not sell all I have and not go out and beg, borrow and steal money to give away, I am cursed, discussed, boycotted, talked about, talked to, lied to, lied about, held up, hung up, robbed and nearly ruined, and the only reason I cling to life is to see what in hell is coming next."

Amen! Hallelujah!

Many a wife would like to go away and take a vacation only she knows that her fool husband would feed the poor canary bird on dog biscuits and fill the poodle's plate with bird seed.
