No. 5

TUFTS WINS

Maine Beaten 19 to 6 in a Hard Fought Game--Light Blue Scores Early But is Unable to Keep Lead

Before one of the largest crowds in the history of football at Medford, Maine was beaten 19 to 6. The game was not a one-sided contest however for during the early part Maine had the Tufts team on the run. At the opening of the game Maine took the ball at mid field and carried it straight down the field for the first touchdown of the game. After this Tufts took the offensive and by brilliant football scored a total of three touchdowns. Only one goal was kicked.

Maine has been handicapped during the last week by almost constant rainfall. As a consequence she was compelled to play a steady line plunging game. Tufts however had developed a brilliant and effective football machine. A dozen varieties of plays were run from the same formation. Tufts also made very effective use of the forward pass, three times getting long gains.

Maine won the toss and elected to kick off to Tufts. Gulliver booted the ball straight up in the air to O'Donnell, who was downed in his tracks by Sawyer. Parks opened the game up on the first play calling for a forward pass. Angell shot the ball to Bennett, but Hale covered him and the pass was incomplete. Hadley carried the ball through right tackle on a shift play for two yards and on the next play Angell bored his way through for eight more, making Tufts' first down. On the next play the Maine line broke through as the ball was passed. Parks, fumbling and Baker recovering the ball for Maine on Tufts' 48-yard line. Maine's powerful line opened up a hole at right guard through which Martin tore for five yards. Donohue made 10 more at right tackle on a delayed pass. Cobb tried right end but Stankard dumped him after a one-yard gain. Holes in left tackle and guard let Martin and Donahue through for gains of six and four yards respectively. The Tufts men seemed unable to stop these line plunges in which two of Maine's line men shifted over to open a hole.

Martin made three yards at right guard, and after Donohue had been thrown for no gain while slamming the same hole, added seven more at left tackle. Donohue Gorham and Martin made a scant 10 yards on the next three plays through Tufts' line, the Brown and Blue players fighting desperately as they were pushed back toward their goal posts. With the ball on the three-yard line, Donohue made one yard at right guard on a delayed pass and then carried the ball over on a shift play through left tackle. Cobb missed the goal by inches. Score, Maine, 6; Tufts 0.

Gulliver kicked off to O'Donnell, who brought the ball into his 28-yard line before being downed

by Bernheisel and Ruffner. A forward pass, Angell to Bennett, netted a gain of 15 yards and on the next play Wescott shot around left end for five more. Tufts' backfield was off side on the next play, costing them five yards. Angell made this up through right tackle and Wescott got around left end and foreight before Martin brought him down. Three yards at left end by Wescott gave Tufts first down. Parks got two at right tackle and on a fake kick, Bennett took a long pass from Angell for a gain of 30 yards. This play fooled the Maine men and had it not been for Cobb, the Tufts captain would easily have scored. With the ball on their eight-yard line, the Maine team twice held Angell for no gains on line plunges, but Wescott slipped away from Bernheisel on the third play and went across the line. Bennett missed an easy goal, the ball crossing directly over the west post. Score: Tufts 6, Maine 6.

In the second period Wescott turned the left end for seven yards, this play being followed by another of Tufts' brilliant forward passes. Angell shot the ball from a kick formation directly over the centre of the line to Parks, who broke loose for a 25-yard gain. Angell fumbled again. O'Donnell recovering the ball. Parks shot a pass to Stankard, who looked to be completely covered by Bernheisel and Donahue, but the little fellow made a great leap in the air and came down with the ball for a 10-yard gain. Wescott was held for no gain on his try at left tackle, but made it firstdown around right end.

Tufts' gains grew noticeably shorter as they approached the Maine goal line for the second time, but their smashing attack was irresistible. Angell, Parks and Wescott carried the ball to the three-yard line, and after Angell had added one more yard at right tackle, Parks went through the same hole for a touchdown. Bennett kicked the goal. This was the only score in the second.

After Wescott lost six yards in the third period, Tufts went straight down the field for her last touchdown. Angell made five at left tackle, then shot a forward pass to Parks again over the centre of the line, which was good for 15 yards.

Angell made eight and one yards at right tackle and left guard, respectively, then Wescott tore loose. He made six yards at left tackle and then went around left end for the most brilliant run of the afternoon for a touchdown. He advanced the ball 30 yards, and on his way to the goal posts eluded five Maine tackles, sidestepping like a cat. Bennett missed another easy goal. Score—Tufts 19, Maine 6.

FRESHMEN OUTCLASS SOPHOMORES IN TRACK

Win Pumpkin Meet Easily

The annual Pumpkin Meet was held last Saturday afternoon on Alumni Field and resulted in a walk-away for the Freshmen, the final score being 82 to 31 in their favor. The Freshmen have an unusually large amount of track material among which are several stars which should strengthen the varsity team considerably. The only events in which the Sophomores showed any strength that all were the half and mile, taking first and second places in these.

For the freshmen, French, '17, won the most points, taking in all 20 points in the high and low hurdles, high and broad jumps, and shot put. Phelps '16, was high man for the Sophomores with a total of 8 points.

In the cross-country run, which started about two o'clock the men finished in the following order: 1st, Towner, '17; 2nd, Bell, '16; 3rd, Preti, '17; 4th, Dempsey, '17; 5th, Gerrish, '17. This added five points to the freshmen's score in the meet.

The officials were Ferguson, '14, starter and referee; clerk of course, H. P. Adams; judges at the finish, Morse, '14, Haskell, '14, and Skolfield, '14; and judges of field events, Bailey, '15, Monohon, '14, and Higgins, '14.

Following is the summary of events.

100 yds.—1st Rice, '17; 2nd, Prout, '17; 3rd, Barrett, '16.

220 yds.—1st, Rice, '17; 2nd, Prout, '17; 3rd, Leacock, '16.

440 yds.—1st McCobb, '17; 2nd, McKaun, '17; 3rd, Totman, '16.

880 yds.—1st, Phelps, '16; 2nd, Ashton, '16; 3rd, Crowell, '17.

One mile—1st, Robie, '16; 2nd, Phelps, '16; 3rd, Libby, '17.

Low Hurdles—1st, French, '17; 2nd, Robinson, '16; 3rd, Kilburn, '17.

High Hurdles—1st, French, '17; 2nd, Small, '16; 3rd, Robinson, '16.

High Jump—1st, McCobb, '17; 2nd, French, '17; and York, '17, tied.

Broad Jump—1st, French, '17; 2nd, Pierce, '17; 3rd, McCobb, '17.

Pole Vault—1st, Sawyer, '17; 2nd, Page, '17, and Russell, '17, tied.

Shot—1st, Moulton, '17; 2nd, French, '17; Gray, '16.

Discus—1st, Hutchinson, '17; 2nd, Lewis, '16; 3rd, Purington, '16.

No times or distances given out.

Remember the Rally Thursday Night

DEAN WALZ DELIVERS AN EXCELLENT LECTURE

His Subject: "What Is Expected of the Young Man Preparing to Enter the Bar," Received with Interest by Student Body

I solemnly swear, that I will do no falsehood, nor consent to the doing of any in court, and that if I know of the intention to commit any, I will give knowledge thereof to the justices of the court or some of them that it may be prevented; I will not, wittingly or willingly, promote or sue any false, groundless or unlawful suit, nor give aid or consent to the same; that I will delay no man for lucre or malice, but will conduct myself in the office of an attorney within the courts according to the best of my knowledge and discretion, and with all good fidelity, do well to the courts, as to my clients. So help me God.

"Such Mr. President, ladies and gentlemen, then of Maine, is the oath of an attorney as presented by the will of the people in the revised statutes. What is expected then, of the young man preparing to enter the bar, as well as of an attorney at the bar; It is that Honor and Conscience shall rule all his actions. If you follow your ancestors back to Plymouth, thence to England and from England across the North Sea to Germany, you will find that the earliest proverbs of which we find record are these three, 'A man, a word,' 'Old men for council, young men for war,' and 'The will of the people is the will of God.'

"Honor meant that a man must be true to himself, true to his leaders, true to the will of the people. It is laid down in the law as an expression almost of divine will. This threefold loyalty has found its best expression in Shakespeare.

"To thine own self be true,
And it shall follow as the night the day,
Thou canst not then be false to any man."

"Honor and conscience are binding not only upon the lawyer but upon the citizen as well. This great paramount obligation of human life has been well put in the great words of Christ, 'Render unto Caesar the things that are Caesar's and unto God the things that are God's.'

"The attorney as a citizen is under the same obligations as his fellows and is also under special obligation as an attorney for Honor tells him to give to and secure for his client all that belongs to the client; the court tells him to give to the court what belongs to the court. Whose officer he is. In other words, while securing the rights of his client, he must remember the doing of justice. In fact, he is first an officer of the court, and then an agent for his client.

"The second great duty resting upon those that wish to enter the legal profession is to develop reasoning power to the utmost. There are many studies will do this, such as mathematics, logic, philosophy, economics, history. History, especially, must be studied from the purely economic and material point as well as from the idealistic and spiritual point of view. Abraham Lincoln did not commit Euclid to memory but he mastered his greatest prophecies. In studying any of the subjects the great question must be 'Why?' and 'Wherefore?' A man should never pass on without having made an honest attempt to answer this question first.

"The third great obligation resting upon those who wish to enter the legal profession is to cultivate the power of correct and adequate, persuasive and convincing, expression. The study of Latin, Greek, German. French, is excellent if accompanied conscientiously with translation into the best possible English of which you are capable. This fact is doubly true if men wish to become lawyers. The purpose of argument and debate is best served by a study of the best examples, Demosthenes, Cicero and after a great interval, Burke, the two Pitts, Fox, Sheridan and Gladstone. But above all, cultivate the power of expression in everyday conversation.

"What is awaiting you in the future? Go to it! Go to it like men and your success is assured."

HARVEST PARTY

A Very Enjoyable Evening Spent in the Gymnasium—Dance a Complete Success

The "Harvest Party" of last Friday evening, was a grand success in every way. A goodly sized crowd was present to enjoy a jolly time such as only the regular "college" dances afford.

At eight o'clock the festivities began with dancing. A waltz came first, a two step was next in order, and so on for the remainder of the evening. The Matrons were eager to see that everyone was supplied with a partner. "Stag" dancing was permitted, so that the shortage of feminine partners barred no one from dancing.

The college orchestra, of eleven pieces, was grouped about the piano in the center of the gymnasium. A "Fortune-tellers" booth was stationed in one corner of the gymnasium, where a fee of ten cents was demanded for the revelation of one's future. In another corner was a refreshment table where "cider" was served. At various places about the gymnasium tables were situated where cards were enjoyed.

The party was run by the fraternity matrons. The admission fee was twenty-five cents. They will use the proceeds to purchase garbage cans for the campus.

Certainly the matrons deserve the hearty thanks of all for giving their best efforts to provide means to supply such a worthy cause.

DRAMATIC CLUB SMOKER

First Meeting of the Year a Big Success.—Prof. Daggett Lectures

The Dramatic Club smoker in the Library, Thursday evening, brought out a large number of old and new men who are interested in The Masque. The first part of the evening was devoted to short talks by the members of last year's cast who were present. They explained the aims and purposes of the club as well as giving some of their past experiences in connection with dramatics.

The principal speaker of the evening was Prof. Daggett, who gave, in an entertaining manner, the life of Moliere and something of the conditions of French life of which this playwright wrote. He also gave a synopsis of Moliere's "Les Femmes Savantes" or "The Learned Ladies" which the Masque may produce this year. He ended his remarks by encouraging the new men to try out for the cast.

The outlook points to a successful year for the club.

A CORRECTION

An error was made in the last issue of the CAMPUS. Miss Louise Bartlett who was elected to membership in Phi Kappa Phi, is a member of Alpha Omicron Pi sorority and not of Phi Mu as previously reported.

LOCALS

Mary Hines, '15, is at her home in Middleton, Connecticut, called there by the illness of her brother.

Doctor Drummond gave a violin solo in chapel Wednesday, "Meditation" from "Thais."

The annual party of Alpha Omicron Pi will be held October twenty-fourth in Mount Vernon House. It is to be a Hallowe'en affair with all the accepted Hallowe'en festivities.

Robert Moore, '16, will attend the Tufts game and while in Boston act as a delegate to the Initiation banquet of Tufts Alpha Mu chapter of Phi Kappa Sigma.

Founders day and the Initiation banquet at the Phi Kappa Sigma house is Saturday. Arthur Deering '12, will act as toastmaster for the evening

SECOND TEAM VS. E. M. C. S.

The speedy second team which showed up so well a week ago against Orono High journeyed to Bucksport Saturday, and held the Eastern Maine Conference Seminary to a 6-6 tie. The Bucksport team had had an excellent record up to the Saturday's game and expected to have a walk-over. They met a stiff proposition, however, in the second team and had to be content with a tie. Coach Whitney has been giving the men some good practice during the week and has developed a fast eleven. The game was marred by a lot of rough plays and several Maine men were badly bruised. Smith, Bidwell and Erswell sustained slight injuries but will probably be in condition by next Saturday. The game was played under rather unfavorable conditions as the field was nothing but mud. Both sides tried hard in the first two periods to overcome this disadvantage but did not succeed, the play being in the center of the field for the entire half. In the third period the Eastern Maine left half back intercepted a forward pass and ran 60 yards for a touchdown. The second team came back strong in the final period and rushed the ball by line plunging for the touchdown which tied the score. Toward the close of the period Hiller recovered a fumble and had a clear field for another touchdown but lost his footing in the mud and was tackled before getting under way again. The Eastern Maine team presented a hard fight but could not penetrate Maine's line to any extent. Allie Cook '12, is coaching them so it is easily understood that the second team was up against nothing very easy. The second team lined up as follows: Erswell C., Peterson, lt., Campbell, lg, McIntyre c, Bidwell rg, Pomeroy rt, Drake re, Smith qb, Dingley lb, Hiller rlb, Sargent fb.

TRACK CLUB HOLDS FIRST MEETING

Last Thursday night the Track Club held its first meeting of the year at the Sigma Chi House.

Two committees were appointed, an entertainment committee and a committee to take charge of the refreshments on the Special Train to the Bowdoin football game.

The proceeds of the entertainments and of the refreshments are to be used for the promotion of track athletics at the University.

EDITORIAL.

All up for the State Series! Bates will try next Saturday to defeat Maine and place herself in a position to capture the State Championship. The latter sentence may seem like sarcasm but it is far from being such. Bates has more than an even chance of defeating Maine this fall. Last year Maine only won by the narrowest of margins. The two years previous were victories for Bates. The Maine victory this year will be won on the side-lines. If you cannot believe that statement simply attend the mass meeting Thursday evening and see for yourself whether the crowd there look like losers. Practice is necessary to win on the side-lines as well as on the field. Therefore you will honor Maine by your presence on the evening mentioned and possibly put yourself in a position to win a "side-line victory" for the team on Saturday next.

The Track Club was organized last year at the University for the promotion of track athletics. In one sense it has accomplished its purpose already. The Pumpkin
Help The Track Club Meet demonstrated the fact that there is much material in the freshman class capable of being developed into championship form. In another sense the Club has yet to fulfill its greatest purpose. After inducing so much good track material to come to

Maine, it remains for the Track Club to see that every opportunity is given these men to train and to make good in their studies. A thousand athletes could not win the State Meet for us, if they were all ineligible. Neither could as many more athletes win the meet without training. The Track Club will do all in its power to see that these opportunities are offered. It is therefore up to the student body to help rather than hinder in the accomplishment of this purpose. It is hard enough for a man to train even under the best of influences. Put him in a fraternity house or in the dormitory and the difficulty becomes doubled. A man is constantly tempted to smoke and to run out evenings. It is also difficult especially in the dormitory, to obtain proper training food.

It is never necessary to ask Maine Men to do anything. With the opportunity for accomplishing something for Maine clearly pointed out, good results are always obtained. In this article we have made clear four points for you to consider. Aid every available track man in his studies as much as possible. Do not tempt nor permit a man in training to smoke. Do not let him keep late hours. Remembering that an athlete's stomach is his best friend, see that he is provided with proper training food.

AMERICAN CHEMICAL SOCIETY HOLD MEETING AND BANQUET IN BANGOR

Several Interesting Speeches

The Maine section of the American Chemical Society held its fall meeting and banquet at the Bangor House, Friday evening, Oct. 17. The meeting, at which the paper and pulp industries especially, were largely represented, was one of the most interesting ever held here.

Following the banquet a short business meeting was held being presided over by the President of the Section, Mr. Larcher of Oldtown. A resolution was carried congratulating and offering its cooperation to the Maine Academy of Science, which was formed at Rockland, Me., August 15, 1913.

The first speaker of the evening was Prof. R. H. McKee who gave a brief account of the various important chemical meetings he had recently attended.

"A Half Century of American Chemistry," was the topic discussed by Prof. C. F. Mabery, Professor Emeritus of Chemistry at the Case School of Applied Science, Cleveland, Ohio, and now engaged in research work there. Professor Mabery was born in Maine and has an ideal farm at North Gorham, Me. In his talk he showed how chemistry had developed in the United States during the past fifty years. The speaker also gave a most interesting history of some of the practical work in which he had been vitally concerned. This included "Smelting by the Electric Current," "Petroleum and its by-products."

Mr. Griffin of Oxford Paper Co., read a most important and practical paper upon, "The Commercial Value of Wood for the Pulp Industry."

The Chemistry Department at the University will soon be able to aid the pulp and paper interests of the state in a practical way. This was shown by the speakers following Mr. Griffin. Dr. McKee described in detail the various new courses in Pulp and Paper given at the University and Mr. Durgin spoke briefly of the "Equipment for the Study of Pulp." J. N. Stephenson gave the last discussion of the evening upon the subject, "Experimental Paper Plants" and during his address showed those present that students at Maine would soon be producing actual paper.

NEW LOCKERS INSTALLED

Three hundred and thirty new steel lockers have been installed in the locker room in Alumni Hall. These take the place of the old wooden ones that were removed this fall. Three hundred are in the locker room and thirty in the rubbing room, the latter being for the exclusive use of varsity teams. The price of the former will be \$1.00 per year plus a 50c deposit for key. The lockers in the rubbing room will be free to varsity teams, but a deposit of one dollar will be required. The lockers are now ready for distribution.

"CAMPUS" ELECTION

At a meeting of the CAMPUS board in Alumni Hall, Monday, three new men were added to the board. They were J. E. Doyle '15, N. L. Mathews '15, and E. D. Potter, '16.

F. D. Freese's resignation, as managing editor was accepted.

Previous to the meeting candidates for the board were given their instructions by Editor Ferguson.

"CLOTHING THAT'S FIT"

must be made to fit—and that means made for YOUR individual measurement from the very beginning. Discerning men have found that decent ready-made clothing costs about the same as decent custom-made—a fact which puts the made-to-measure clothing decidedly at the head. I have a particularly fine showing of the choicest Spring goods, and am prepared to produce faultless clothing at moderate cost. Every particular dresser—yes, YOU—should be interested. Step in!
