Explosion Rocks No. Estabrooke

"A person can break a rule 99 times out of a hundred and get away with it... but he better watch well that hundredth time."

The freshman coeds of North Estabrooke had this well-worn aphorism vividly illustrated to them last week. Neglect of an elemental rule, "Do not drop tin cans down the incinerator chutes," very nearly resulted in tragedy last Monday.

Some one, or a number of Estabrooke coeds did break the rule and did drop tin cans (aerosol hair-spray cans) down the chute. Doubtless they have been doing this for a long time with out any harmful effects. There is a rule, though, against such a practice and usually rules are not made without a purpose.

The purpose behind this rule was to protect the janitors from explosions resulting from tin containers. "The explosion force of one such can after being superheated in the furnace," said one campus officer, "is roughly equal to a single stick of dynamite."

Estabrooke janitor, Clifford Duplessis, first felt the "explosive" effects of the aerosol cans. While dumping paper into the incinerator last Monday morning Duplessis was startled by an explosion that burst through the furnace's open door.

Miraculously Duplessis was standing to one side of the door

in order to avoid the heat of the incinerator. Had he been in line with the door things might have been different. A single window was in line with the door across the room; it was totally demolished, glass, frame, and screen

giving mute testimony to what might have happened to the janitor.

The unhappy coincidence of a janitor opening the incinerator at the exact moment that one of the aerosol containers exploded was definitely an improbable and rare event. However, it did happen once and could just as easily occur again. Next time possibly, the janitor will not be so fortunate as to be standing to one side of the open incinerator door.

Reed, Dubord, Dolloff Reply

By BARRY MILLS

The *Maine Campus* recently finished its survey of the gubernatorial candidates. With the drop-out of Edward Hutchinson as a Republican candidate, Governor John Reed stands unopposed for the Republican nomination. Maynard C. Dolloff of Augusta and Richard Dubord are competing for the Democratic bid.

The following is a summary of the three candidates' answers to the *Campus* questionnaire.

1. Do you favor increased state revenue?

All three men felt that increases in state revenue must coincide with the cost of government. If the state must increase expenditures to meet growing costs of present and additional state services then more revenue must be raised.

a. Do you think we need a larger tax base?

Governor Reed said, "Since Maine is a sales tax state it should look for new revenues from the sales tax." Dubord said, "I believe we will need a larger tax base before many years have passed." Dolloff's answer was, "If you mean a broadened tax base with reference to the very heavy load being borne by the municipal property tax, yes."

b. How do you feel about a state income tax?

Governor Reed said that he feels that Maine people do not want this type of tax. Dubord and Dolloff both think that an income tax will be needed eventually, but first the state should take full advantage of the sales tax.

c. How do you feel about a state corporation tax?

Neither Reed nor Dubord favor a state corporation tax. Dolloff mentioned that the day may come when a gradual, low-rate corporate tax will be needed although he does not favor it now.

d. How do you feel about a state lottery?

The candidates left no doubt that they opposed a state lottery.

e. How do you feel about reduction of the sales tax on hotel and motel lodging?

Dubord said that "consideration" could be given this proposal because of the effect it has had on resort areas with long term guests. Also, he mentioned that this tax has not produced anticipated revenues. Reed and Dolloff said that the issue is retention or elimination. Reed favored retention and Dolloff said that if it is kept, then the rates should be consistent with the general sales tax level.

2. Are we making the best use of the Department of Economic Development?

Reed said, "The area of economic development is one where it is difficult to recognize immediate tangible results..." Dubord said, "No, particularly in the recreational field." Dolloff answered with a simple "No!"

3. How do you feel about federal aid to schools?

All three men favored public aid to schools. Reed and Dolloff mentioned that there must be no "strings attached." Dolloff also added that the grants must be "proportioned to the fifty states' wealth and effort."

4. Are we making the best use of the University's potential?

All three men thought that the University was doing well with the resources at its disposal.

a. Do you favor further University expansion?

All three men thought that the University must continue to grow.

b. Do you favor increased salaries for the faculty?

The three candidates said that University salaries must be raised. Dolloff said that Maine should at least "match the average salaries paid by New England land-grant colleges, which is not being done now." Dubord said that increased

expenditures would "necessarily be influenced by available revenues and the comparison of other state needs."

5. Do you favor raising the minimum salaries for teachers in the public schools?

Each of the candidates said that teachers' salaries must grow. Dubord, however, said "present decisions should be left to local negotiations until a clear need for further state action is demonstrated."

6. Do you favor a "right-to-work" law?

The three men opposed a "right-to-work" law. Reed said, "One of this state's greatest economic assets has been the excellent relationships enjoyed by Maine's labor force and management over the years."

7. What were the good and bad points about the 100th Legislature?

Both Dubord and Dolloff mentioned a "lack of decisive leadership." Dubord mentioned, among other things, the "wide divergence on views on legislative goals among the majority party." Dolloff mentioned the refusal to vote enough money to enlarge our state park system. Reed listed a great number of accomplishments, among them was the district courts bill and educational television.

8. How do you feel about educational television?

All three candidates favored it.

9. What specific proposals do you have in mind for the 101st Legislature?

Reed said that he would have specific recommendations when the needs and continuation of his 1961 program have been considered. Dubord preferred to wait until his campaign got into full swing. Dolloff said his campaign would discuss, among other things, abolition of the council, constitutional reform to strengthen the position of the governor, departmental terms coinciding with those of governor, and expansion of the state park system.

Maine Day Midway Nears

The annual day of suspended classes, campus clean-up, activities, and fun arrives Wednesday, May 2, with Maine Day Midway. The Maine Day tradition was originated twenty-seven years ago by Dr. Arthur A. Hauck, President Emeritus.

Maine Day festivities will begin Tuesday night at 7 p.m. with the Mayoralty speeches from the library steps. These will be given in the gym in case of inclement weather. From the library students will proceed to the Field House to vote for

the new Campus Mayor. Following the voting will be a free dance, sponsored by the French Club, in the Memorial Gym. Refreshments will be sold.

Wednesday morning at 6:30, the ROTC Band will parade around the campus and wake everyone up. From 7 to 8 a.m. an outdoor breakfast will be served in the parking lot next to Stodder Hall.

At 8:15 the new Mayor will be announced on the library steps. From there students and faculty members will go to their respec-

tive project leaders, who will be stationed on the Mall. Work then begins on the projects and lasts until 12:00.

The Maine Day Midway will be held from 12:30 to 3:00 in the area between the Field House and the baseball diamond. The Maine Day Committee is sponsoring a raffle booth which will hold raffles approximately every half hour. Prizes include theater tickets and pizzas. So far, there are twenty-three booths in the Midway. One (continued on page four)

GREEK WEEKEND CALENDAR

APRIL 27 - 29

Friday, April 27

Greek Ball, Memorial Gym, Featuring Don Sylvia and His Orchestra, 9 to 1 a.m.

Saturday, April 28

IFC Discussion Groups, Memorial Union, 10 a.m.

Greek Games, 1 to 3 p.m.

Jazz Concert, Memorial Gym, Featuring George Shearing and His Quintet and also The Tarriers, 7 to 9 p.m.

Sunday, April 29

Panhellenic Sing, Memorial Gym, 2 to 4 p.m.

These six Seniors have been nominated for the Senior Watch Award presented annually by the Alumni Association of Washington, D. C., to the male member of the graduating class who has done the most for the University. The six were nominated by a committee composed of three seniors, three juniors,

and two sophomores. The award will be made after a secret ballot vote by the Senior Class. The nominees are Skip Chappelle, Phil McCarthy, Tom Patriek, Cedric "Reggie" Minkin, Al Hagan, and Sandy Fraser.

Play Features Lavish Dress

By LEROY CLARK

The *Inspector General*, Gogol's riotous Russian comedy being produced by the Maine Masque Theatre, will feature one of the most elaborately dressed casts in the Maine Masque history.

Set in the corrupt but glorious days of splendor and high fashion under the Tsar, *The Inspector General* emerges not only as a satire on crooked government officials but also on everything which bureaucracy stood for in Russia during the 1830's. One of the most indulged in pastimes of the bureaucrats was the pursuit of the latest styles in clothes—styles that were lavish, outlandish, and often ridiculous.

In *The Inspector General* the costumes which will be worn are typical of this rich and elaborate period. Enos Gaudet, who designed the costumes, has done a great deal of research to lend authenticity to the lavish production, and yards and yards of bright colorful silks, taffetas, and cottons have been purchased to make the costumes. Joyce Higgins is the costume mistress in charge of making them.

Directed by E. A. Cyrus, *The*

Inspector General will run for four evening performances from Wednesday, May 9, to Saturday, May 12, with a special matinee Saturday afternoon at 2:00.

Tickets are now on sale at 310 Stevens Hall.

University Will Publish 'Lincoln The Writer'

On April 25 the University of Maine will publish *Lincoln the Writer* written by Herbert J. Edwards and John E. Hankins. The book will sell for \$1.00 and may be purchased at the University Library.

Contestants Win Speech Prizes

Seven contestants participated in the John M. Oak Scholarship Prize Contest in Public Speaking on Wednesday, April 13, in the Lown Room of the Union. Muriel J. Castillo, with her speech, "Federal Aid to Education," won first prize of \$50. The second prize of \$30 was awarded to Stuart Rich for his speech, "Shall Boxing Be Made Illegal?" June Grady received third prize of \$20 for "A Closer Look at Parole."

The judges were Mrs. Thelma Berry, Associate Prof. of Clothing, Mr. Ben Chapman, Assistant Prof. of Mechanical Engineering, and Mr. George Manlove, Assistant Prof. of English.

Students Represent Schools In Speech Festival Contest

One-hundred and sixty-three students, representing 37 high schools and academies, participated in the annual Maine Speech Festival held at the University on April 21. All the speakers were rated as excellent, good, and fair.

Those students receiving certificates and medals for ratings of superior were: Informative speaking, Harry Burrell of John Bapst, and Nancy Littlefield, of Old Town High School; Discussion, William Sleeper of Orono High School, and Reginald Merrill of Brewer High School; Original oratory, Sandra Dow of Cony High School; Extemporaneous speaking, Susan Meyer of Orono High School; Poetry reading, Mar-

got Bridges of Brewer High School, Wilbur Gardner of Machias Memorial High School, and Robert Ellis of Skowhegan High School; Prose reading, James Regan of John Bapst, and Bernard Sterlin of Fort Kent Community High School; Drama reading, Nancy Johnson of Cony High School, Janet Nadeau of Community High School, Penelope Sterling of Ellsworth High School, and Margaret Clark of Old Town High School.

Mrs. Carol Mower was director of the speech festival and assistant director was Prof. Arlin Cook. Students assisting were Valerie Beck, Joyce Higgins, Diane Ingalls and Sandra Murphy.

Lively Mikki Pellettieri, Tulane '63

Oklahoma born Mikki Pellettieri now calls Houston, Texas, her home. She's Secretary of the Tulane Student Council.

Lives it up with this lively One from Ford '62: the new Fairlane 500 Sports Coupe!

Mikki Pellettieri, a Year Book Beauty, has her mind on Psychology and her eye on the all-new Fairlane 500 Sports Coupe. This Fairlane "a la king" combines trimmed-for-action outside dimensions with carriage trade interior appointments, between-seats console, and

snug-fitting bucket seats. An optional torrid Challenger 260 V-8 engine delivers high-velocity performance on regular gas. See the exciting Fairlane 500 Sports Coupe and all the Lively Ones at your Ford Dealer's—the liveliest place in town!

Three Vie For Mayor; Launch Race Tuesday

There will definitely be a Mayoralty Campaign this year. After a series of ups and downs, three candidates have decided to run for Campus Mayor in this year's Maine Day race. They are Gene Brown, Gerry Crabtree, and Paul Graves.

Gene Brown, a sophomore in the College of Arts and Sciences, is running as "Charlie Brown." He is backed by Beta Theta Pi. Gerry "Duke of Oyl" Crabtree, a junior in mechanical engineering, is backed by Theta Chi. Freshman Paul

Graves, a Sigma Phi Epsilon pledge, has not yet decided on his theme.

The campaign will be run differently this year. All campaigning will take place on Tuesday, May 1. The campaign will end with a parade and rally Tuesday night. At 7 p.m. the Mayoralty candidates will give their speeches from the library steps. This year the speeches are to be monologues and they may be serious or humorous—anything goes.

Voting will be done in the Field House after the speeches, and will be followed by a free dance in the Gym, sponsored by the French Club.

In case of snow, tropical storm, or earthquake, the rally will be held in the Gym.

Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

The mover is more of a girl scout than a girl watcher.

LESSON 12-Watching at a beach or pool

When watching at the beach or pool it is *not* necessary to keep moving. In fact, it is unwise to move at all, unless the watcher actually enjoys swimming. In such cases he should swim.

At the beach it is better to stay in one place, because the mover is more of a girl scout than a girl watcher

(see above). He is somewhat like the man who goes to the theater to see girls. The girl watcher goes to a musical and happens to notice the beautiful girls. The scout goes to see the girls and, sometimes, happens to notice the musical. (Whether you're a watcher or a scout, you'll find Pall Mall makes a most pleasant companion.)

Compare all three! Smoke "traveled" through fine tobacco tastes best. See the difference! With Pall Mall, you get that famous length of the finest tobaccos money can buy. Pall Mall's famous length travels and gentles the smoke naturally... over, under, around and through Pall Mall's fine, mellow tobaccos. Makes it mild... but does *not* filter out that satisfying flavor!

Pall Mall's
natural mildness
is so good
to your taste!

So smooth, so satisfying,
so downright smokeable!

Dean Of Women Resigns To Do Research Work

Samuel W. Collins of Caribou was elected President of the University's Board of Trustees at a meeting held on April 18th in President Elliott's office.

The Board acted swiftly on the many individual items on its well-filled agenda. It readily approved a number of administrative appointments and faculty changes.

Dean Edith G. Wilson will relinquish her duties as Dean of Women to become an Assistant to the President for Institutional Research, effective July 1, 1962. Miss Wilson will be responsible for conducting research on matters of importance to the more effective operation of the University of Maine. Research will be carried out on such topics as space use, staff utilization, teaching loads, student characteristics, enrollment projections, course offerings, and the like.

Miss Mary S. Zink will assume the duties of Dean of Women, effective July 1, 1962. Miss Zink, a native of Bridgeport, Conn., is a 1938 graduate of Cornell. She received her master's degree in 1955 from Yale and her doctor's degree in 1960 from Cornell. She has taught at Elon College in North Carolina and Quinnipiac College in New Haven, Conn. In addition, she has held various positions at Duke University and Cornell as well as for the Girl Scouts of America. She has served as director of the University Testing Service and associate dean of women since 1960.

Pulp & Paper Open House

The University of Maine Pulp and Paper Foundation in cooperation with the university will hold its annual Open House-Research Day program on Friday, April 27, at the Orono campus.

Forty high school students from Maine, Massachusetts and New Hampshire will be here to attend the program. The forty students will represent the largest number of participants since the founding of the Open House three years ago.

MAY 2 AND YOU, TOO!

maine campus SOCIETY

By CLAIRE BEAULIEU

The Easter Holiday limited a few activities on campus last week-end, but Saturday afternoon, the Phi Kaps had a softball game between the non-resident brothers challenging the residents. After the game, there was a jam session from 4 to 6 p.m. for which music was provided by Bob Cormier. Later on in the evening, things really hopped for the "Easter Parade" party was held in the game room. The evening's activities included an egg hunt and a contest to select the best hat. Mr. and Mrs. Murray Billington chaperoned the event.

Quite a few students were seen soaking in the sun at Bar Harbor Saturday afternoon. Among the fraternities represented were Lambda Chi Alpha, Sigma Chi, Phi Gamma Delta, Phi Kappa Sigma, Beta Theta Pi, and one 1947 Harley-Davidson motorcycle.

Dated: Gail Hoxie, Alpha Omicron Pi, to Bill Goodwell, Phi Eta Kappa; Cindy Glover, Westbrook Jr. College, to Dave O'Donnell, Tau Epsilon Phi; Cathy Haines, Delta Delta Delta, to Art Chartier, Phi Kappa Sigma.

Rated: Shannon Robinson, Bangor, to Steve Maresca, Stillwater; Deborah Sleeper, So. Portland, to Frank Maxon.

Mated: Mary Ellen Taylor to David Scribner; Charlene Plourde, Presque Isle, to Paul Divine, Phi Gamma Delta.

Sea Film At Union

On May 3, at 7:30 p.m., in the Main Lounge Stanton Waterman will present his new lecture film entitled "3,000 Years Under the Sea." Mr. Waterman, expert diver-photographer, records the discovery and salvage of an ancient cargo ship which met disaster off the Asia Minor coast in the late Bronze Age.

Stanton Waterman, a graduate of Dartmouth College in '46, did graduate work at Columbia and served in the Navy during WW II. At one time he operated a diving school in the Bahamas and was a professional underwater guide.

JUNIOR CLASS

The Junior Class wishes to thank all who contributed to the success of the Junior Prom. Plans are now being made for a Junior Class Picnic on May 20. Definite plans will be announced soon.

Greek Weekend Activities Commence Tomorrow Night

The fourth annual Greek Weekend's activities commence Friday night in the Memorial Gym with the Greek Ball. Don Sylvia and his orchestra will provide the music for dancing from 9 to 1.

On Saturday morning IFC Discussion Groups will be held in the Memorial Union from 10 to 12. There will be two discussion groups. Jim Goff, president of Phi Gamma Delta, will moderate the group con-

sisting of the presidents of all the fraternity houses. Greg Shapiro, of Kappa Sigma, will moderate the group consisting of the rushing chairmen and pledge class presidents of all the houses. Topics to be discussed are the new rushing system, the Greek outlook, and other aspects of the Greek system.

The Greek games head the agenda for Saturday afternoon from 1 to 3. Events include a chariot race, a bicycle race, a tug of war, and a surprise event.

The Memorial Gym will be the scene of the jazz concert Saturday night from 7 to 9. George Shearing and his Quintet and the folksinging Tarriers share the billing for this occasion. Tickets for the concert are currently being sold in the Union.

The annual Panhellenic Sing Sunday afternoon, from 2 to 4, in the Gym, completes the list of Greek Weekend events.

Maine Day Nears

(Continued from Page One)

will be a coffee house featuring a group of musicians. At certain intervals during the afternoon entertainment will be presented on a platform behind the Field House. Chic O'Leary will emcee.

The IFC Sing, the last event of the day, is scheduled for 7 p.m. in the Memorial Gym. Each fraternity will sing only one song this year.

Award Senior Girl National Fellowship

Barbara Spiller of Cumberland Center, a senior sociology major at the University of Maine, has been awarded a National Institute of Mental Health Fellowship to Western Reserve University.

Miss Spiller, who recently was elected to Phi Beta Kappa membership, will study at Western Reserve's School of Applied Social Science. The award carries a stipend of \$1,800 plus tuition, and will become effective September 1, 1962.

The daughter of Mr. and Mrs. Laurence Spiller, Miss Spiller will receive her bachelor's degree from the University of Maine in June. She is the highest ranking student in the department of sociology and anthropology.

She attended the Merrill-Palmer Institute in Detroit, Mich., last spring, being one of the department's students who fulfilled the rigid qualifications which have been set for the specialized institute. She is a member of Sigma Mu Sigma, honorary psychology society, and is a 1958 graduate of Greely Institute.

Students Elected To Tau Beta Pi

Thirteen high-ranking students have been initiated into Tau Beta Pi, honorary engineering society. The students were selected on the basis of scholarship, character, and campus citizenship. They are: Philip Adams, Ann Adjutant, Raymond Baum, Colby Buzzell, Lionel Caron, Maurice Caron, Robert Fitz, Peter Foster, Dorrimor Hodges, Brian Hodgkin, Andrew Ionta, David Thornton, and Roger Twitchell.

The spring semester initiates have recently completed a project to determine the feasibility of erecting a permanent Bent in the vicinity of one of the engineering buildings. The eight foot Bent has appeared on the Mall in front of the Library for one week each semester. The new proposed Bent is a four foot cast in metal mounted on a reinforced concrete foundation.

A project completion of 1964 has been proposed to coincide with the National Convention of The American Society of Engineering Education which will be held on the University of Maine campus.

"Tareyton's Dual Filter in duas partes divisa est!"

says Sextus (Crazy Legs) Cato, Bacchus Cup winner.

"There are lots of filter cigarettes around," says Crazy Legs, "but e pluribus unum stands out—Dual Filter Tareyton. For the best taste of the best tobaccos, try Tareyton—one filter cigarette that really delivers de gustibus!"

Play Ground Wanted

Last week's **Campus** bade farewell to South Apartments and hailed the advent of University Park as the low-cost housing for married students and faculty. Anyone comparing the barracks appearance of the old with the clean ranch lines of the new would call University Park inhabitants blessed—except perhaps for the doubled rent.

One feature of South Apartments, however, followed the people to University Park. That is the run-down equipment of the playground, which was

purchased new some years ago by the Mrs. Maine Club of student wives.

The wives' group has not found it feasible to continue to own and maintain the equipment or to pay the insurance necessary for a public playground.

With the expectation that some arrangement for the insurance would be made, the Housing Office late last fall transferred the equipment to a site just north of the University Park units, and brought in fifteen loads of sand and erect-

ed a fence at a cost of \$150.

Children have occasionally played in the unsupervised, uninsured, and, in general, uninviting playground for some months—when the mud was not too deep. Late last week, though, the gate was padlocked by university officials on the request of a University Park resident who noticed that climbing equipment was broken.

One mother who discovered the locked gate asked the three pre-schoolers inside how they had entered the locked playground. They pointed to the seven inch space underneath the gate. After being told that the gate was locked in order to keep the children out, one five year old said, "But what is the playground for?"

Nearly one hundred other children at University Park are probably wondering the same thing. Maine Day is fast approaching. Perhaps University Park residents could pitch in to provide their youngsters with a place to play.

Anyone with any ideas on the University Park Playground (or some other Maine Day project), contact one of the officers of the University Park Civic Association: Bill Chandler, 16-E; Joe Fallon, 36-A; Ed Nadel, 18-F; or Lois Whealey, 27-F.

LETTERS TO THE EDITOR

Continued from P 6

and compromising its own ideals must soon lose the respect of its students. Encouraging beliefs in capitalism is fine, but protecting them by preventing or discouraging honest discussion and debate such as was proposed is cowardly.

Peter S. Colley

Communism

To the Editor:

Let's not fear adverse public opinion. Let's change it!

If we really believe that a debate between a Communist and one of our Government professors would broaden our educational background, then we must not let anyone scare us into dropping the plan. If we really want to protect ourselves from Communist propaganda we must learn to identify it in action — not just in textbook analysis.

Let's use that old, but effective, method of influence; let's write our legislators and tell them that this debate would be in the best interests of a progressive and growing university.

After all, aren't Black Bears just as capable of distinguishing Communism as Mules and Bobcats are?

Marjorie McGraw

Scalper

To the Editor:

It's about time something is done about those ticket scalpers who haunt the union movies. For the past two weeks or so certain "smart operators" have been purchasing blocs of tickets (sometimes as many as ten or twenty) and have been selling them for 25c to late comers. Any week-end there is a good movie this is an especially evident nuisance, particularly annoying to couples who have banked upon getting their week-end thrill at the movie.

I would think it would be quite evident to the ticket sellers that one grubby, duck-tailed freshman boy has no legitimate use for ten or more tickets. Possibly in the future those slightly scumolent ticket dispensers could wise up to such petty antics and give students the services they are paid to give.

Dan "Dinkle" Churchill

6 Crises

To the Editor:

Allow me to take this opportunity to thank Governor John H. Reed for helping me to make a vital decision. Yes sir, I'll leave my home state of Maine upon graduating from the University. You have convinced me, governor, that Maine is no longer a fit place to live.

Richard Nixon has written a book about his "6 Crises" and this is appropriate in that our

governor also had 6 crises which were mishandled. First there was the school bus issue which the governor didn't want to get involved in, then the unnecessary delay in resolving the Casco Bay Lines issue, the many incidents with the Executive Council, the weak and ineffective stand on ETV, the inability to make Maine grow for the past few years, and now I have heard that he is disappointed that NEA has stopped service to Waterville and intends to do the same to Lewiston, Bar Harbor and Houlton. Congratulations for a fine batting average. If I can earn enough money in this backward state, I'll leave, even if there is only one medium of transportation left.

P. S. I was a Republican until I learned to read and write.

Name withheld on request

A. W. S.

To the Editor:

I am not represented in AWS, not an uncommon situation. Oh, yes I'm a member, aren't we all. My problem is that I am liberal and liberal viewpoints have long been ignored by AWS.

When you think about it, this is not surprising. In the hand-picking AWS leaders, there is no room for anyone representative of us liberals; or to put it another way, with few exceptions AWS leaders are either entirely unrepresentative of many of the women students or to busy saying yes to represent anyone.

I am disgusted with AWS as it is. I am sick of this farce of Student Government. I suggest that AWS be abolished, either to be replaced by those that hide behind it or by some form of student government which will have some influence; and that the entire student body be placed under a dean of students with no discrimination against us women.

AWS, as it is, has only one function on this campus: the teaching of hypocrisy and sham. This is not one of the lessons

students should be indoctrinated with at college.

Name withheld on Request

House Rules

To the Editor:

It is axiomatic, at least among liberals, that the U. S. Congress is Death Row for progressive legislation. Such things as rural over-representation have something to do with this, but I think that a few simple changes in the rules of procedure in both houses would do much to liven up the now placidly funeral chambers of the capitol.

The changes below are, I'm sure, too obvious to be original with me, but I've heard them expressed before. In any case, here are four proposed amendments to the procedural rules of the Senate and the House of Representatives:

1. "No office or committee chairmanship shall be filled by the same man for any more than one term in any single decade. This rule shall not apply to the Speaker of the House."

2. "Elections of all officers and committee chairman shall be by secret ballot."

3. "All hearings held to secure information on legislative matters shall be conducted by joint committees of both houses."

4. "If any public bill shall have been in committee for six months or more, any member may demand an immediate vote on whether or not that bill shall be brought to the floor. On receiving such a demand, the presiding officer shall be required to call for the vote to be held by secret ballot and without prior discussion."

These simple changes would revolutionize the legislative process in the United States, would deal a severe blow to the reactionary cult, and would bring a greater degree of democracy.

Tom Gray

Official NOTICE

I.D. card photographs for ALL students who plan to return next fall will be taken in Wingate Hall as follows:

May 7, Monday, to May 11, Friday, and
May 14, Monday, to May 18, Friday
8:00 a.m. to noon
1:00 p.m. to 4:30 p.m.

PLUS:
Tuesday and Wednesday nights of EACH week
6:00 to 8:00 p.m.

Those who neglect having photos this spring and have to have them taken next fall are NOT furnished temporary cards pending arrival of permanent ones. Mark your calendar now.

CRAM COURSE No. 3: ENGLISH POETRY

Final exams will soon be upon us. This is no time for fun and games. Let us instead study hard, cram fiercely, prepare assiduously.

In this column today let us make a quick survey of English poetry. When we speak of English poetry, we are, of course, speaking of Byron, Shelley, and Keats. Some say that of the three, Keats was the most talented. It is true that he displayed his gifts earlier than the others. While still a schoolboy at St. Swithin's he wrote his epic lines:

*If I am good, I get an apple,
So I don't whistle in the chapel.*

From this distinguished beginning, he went on to write another 40,000 poems in his lifetime—which is all the more remarkable when you consider that he was only five feet tall!

I mention this fact only to show that physical problems never keep the true artist from creating. Byron, for example, was lame. Shelley had an ingrown hair. Nonetheless, these three titans of literature turned out a veritable torrent of romantic poetry.

Nor did they neglect their personal lives. Byron, a devil with the ladies, was expelled from Oxford for dipping Elizabeth Barrett's pigtails in an inkwell. He thereupon left England to fight in the Greek war of independence. He fought bravely and well, but women were never far from his mind, as evidenced by this immortal poem:

*How splendid it is to fight for the Greek,
But I don't enjoy it half as much as dancing cheek to cheek.*

While Byron fought in Greece, Shelley remained in England, where he became court poet to the Duke of Marlborough. (It is interesting to note in passing that Marlborough was the original spelling of Marlboro Cigarettes, but the makers were unable to get the entire word on the package. With characteristic ingenuity they cleverly lopped off the final "gh". This, of course, left them with a "gh" lying around the factory. They looked for some place to put it and finally decided to give it to the Director of Sales, Mr. Vincent Van Go. This had a rather curious result. As plain Van Go, he had been a crackerjack director of sales, but once he became Van Gogh, he felt a mysterious, irresistible urge to paint. He resigned from the Company and became an artist. It did not work out too well. When Van Gogh learned what a great success Marlboro Cigarettes quickly became—as, of course, they had to with such a flavorful flavor, such a filterful filter, such a flip-top box, such a soft pack—he was so upset about leaving the firm that he cut off his ear in a fit of chagrin.)

But I digress. Byron, I say, was in Italy and Shelley in

He resigned from the Company and became an artist

England. Meanwhile Keats went to Rome to try to grow. Who does not remember his wistful lyric:

*Although I am only five feet high,
Some day I will look in an elephant's eye.*

But Keats did not grow. His friends, Shelley and Byron, touched to the heart, rushed to Rome to stretch him. This too failed. Then Byron, ever the ladies' man, took up with Lucrezia Borgia, Catherine of Aragon, and Annie Oakley. Shelley, a more domestic type, stayed home with his wife Mary, and wrote his famous poem:

*I love to stay home with the missus and write,
And hug her and kiss her and give her a bite.*

Mary Shelley finally got so tired of being bitten that she went into another room and wrote *Frankenstein*. Upon reading the manuscript, Shelley and Byron got so scared they immediately booked passage home to England. Keats tried to go too, but he was so small that the clerk at the steamship office couldn't see him over the top of the counter. So Keats remained in Rome and died of a broken heart.

Byron and Shelley cried a lot and then together composed this immortal epitaph:

*Good old Keats, he might have been short,
But he was a great American and a heck of a good sport.*

© 1962 Max Shulman

*Truth, not poetry, is the business of the Marlboro makers,
and we tell you truly that you can't find a better tasting,
better smoking cigarette than today's Marlboro.*

East Pakistan Guests Visit Backstage With Maine Masque

Feature By
Bill Lawlor

Students watch prop men set up lights

Masquers Meet Pakistani Admirers

In addition to their duties as actor-diplomat, each member of the Maine Masque India-Pakistan Tour company has handled at least one special task.

Since the touring company is completely self-sufficient, the work of setting up and striking the sets for performances is done by the students themselves. Costumes, props, electrical work, make-up, transportation, business management, public relations, photography, tutoring the children, special effects — each of these duties is entrusted to one of the troupers.

In addition to be responsible for rearing and striking the sets at each stop on the tour,

Chris Christiansen is developing a fine steeplejack technique, hanging lights precariously from rafters and skylights.

Usually the most sought person in the company is John Collins, business manager and disburser of funds. Affectionately known as "Silas Marner", John has come to expect a parade of empty wallets to his hotel room at any time of day or night.

These, then, are the duties which the Maine Masquers have to handle in order to keep the company functioning as a drama group; added to the actor-diplomat duties, "it keeps the boys and girls out of mischief"!

Maine Masque Tour Draws To A Close

By Bill Lawlor

Probably the greatest and most pleasant surprise that the Maine Masque India-Pakistan tour company has received, occurred at their first Pakistani reception. At this United States Information Service reception the troupers were delighted to be greeted by Dr. Arthur Hauck, former president of the University of Maine, now with the US government's service for foreign visitors. Dr. Hauck, who was making a one-day stop in Dacca, East Pakistan before flying on to West Pakistan and other areas of Asia, was able to speak with members of the cast and to wish them well on their cultural mission.

The Maine Masque company has now completed its program in India and moved to Pakistan for the remainder of the four month cultural good will tour. The Masquers made a swift tour of southern India, playing in smaller areas such as Bangalore, Mysore, and Hyderabad, as well as two stops in the large metropolitan areas of Madras and Calcutta. At Mysore the cast enjoyed performing *AH WILDERNESS*, before an audience that included American TV star Jock Mahoney (Yancy Derringer) and several British and Indian film idols.

The company will wind up the last month of its four-month State Department good will tour with performances in Lahore and Karachi, West Pakistan. Scheduled to fly for the United States from Bombay on May 20, the Masquers will return via Rome and London.

Radio Club Elects New Officers

The University of Maine Amateur Radio Club, in one of its regular meetings, elected officers to take office next year. Students elected were: Ed Martin of Caribou as President, Robert James of Greenwich, R. I., as Vice President, Horace Clark of Wilton as Secretary,

and James Pew of Falmouth Foreside as Treasurer.

Charles Hanson of East Eddington, elected Trustee of the club radio station WIYA last year will keep his post until his graduation. The club's advisor is Professor MacFarland of the Electrical Engineering Department.

Ann 'Van' Elected AWS Prexy

The annual meeting of the Associated Women Students was held Thursday, April 19, at eight p.m. in the Women's Gym. The newly elected officers were introduced. They are: president, Ann Van de Bogert; first vice pres., JoAnn

Chandler; second vice president, Mary Goucher; secretary, Catherine Wyman; treasurer, Theresa Curran; publicity, Heather Cameron; standards board chairman, Mary Brooks; activities board chairman, Judith Rand; chief justice, Marcia Roak; secretary of judicial board, Joyce

Ring; senior members of judicial board, Linda Minott, Ann Keenen, Barbara Bassler; junior judicial members, Barbara Hinkson, Helen Wyman, and Barbara Lawrence; sophomore judicial members, Barbara Waters and Barbara Rider; and senior member of the executive board, Diane Nash.

Other business included formal approval of reports of treasurer, activities board chairman, secretary, chief justice, standards board chairman. Mary Brooks gave the report of the publicity comm., and Diane Nash, chairman of the constitutional revision comm., reported that all proposed white book revisions had been approved in elections held previous in the individual dormitories. Helen Wyman gave a brief report of her trip to the Intercollegiate Association of Women Students at Penn. State University. Miss Marion Martin, State of Maine Commissioner of Labor and Industry, spoke on, "Woman—A Many Splendored Being." Ann Weymouth, retiring W.A.A. president, announced the new W.A.A. officers: Pres., Judy Dowe; Vice Pres., Jocelyn Genest; Secretary, Sandra Arbour; Treasurer, Pam Finnegan.

The AAUW Membership Award was presented to Miss Laurette LeGoff, the retiring A.W.S. president.

Lectures On EEC

The School of Business and Administration will present the 5th in a series of lectures by the S. & H. Company on May 3, 1962 at 8:00 p.m. in the Bangor Room of the Memorial Union.

The speaker will be Prof. Ole Myrvoll, professor of Economics at the Norwegian School of Business and Economics and Business Administration at Burgan, Norway. He is a visiting professor at Bowdoin College and is delivering the Tallman Lecture series at that institution.

The subject of his talk will be "The Economic impact of the Common Market on the Countries of the West." This is an excellent opportunity to hear an outstanding Economist from a foreign country.

Senate President May Receive Pay In Near Future

The General Student Senate Tuesday night voted recommendation of a measure which would provide remuneration for the office of Senate President. This proposal will be presented to the University Administration for consideration.

In discussing this proposal it was noted that 2/3 of the Presidents of the College student bodies throughout the country receive remuneration in the form of scholarships, tuition or monthly allowances. The editor of the *Campus*, *Prism* and manager of WORO now receive some sort of remuneration.

A motion was passed to recommend to the Department of Grounds that an area be set aside on all major bulletin boards on campus for publication of Senate activities.

The Senate voted to recommend to the Housing Office that student residents of University Park be allowed to leave their apartments this summer with a 1/2 reduction in rent as in South Apartments.

The Senate Political Affairs Committee will investigate the possibility of sending students to hear the Muskie-Jackson Debate to be held on The Colby Campus May 18.

The executive committee has designated Senator Leroy Lambert as Senator of the Month for his work both as a senator and as chairman of the Constitution Committee.

The Senate also received a petition for the office of president. The candidate's name was not disclosed.

1964 OFFICERS

The following persons are running for office from the class of 1964.

For President: Dennis Vogel, Lester Moran and John Howard.

For Vice President: Meg McMullen and Charlie Drew.

Those running for Secretary are Joyce Ring and Sandra Farrar, and candidates for Treasurer are Nancy Bradstreet and Faith Voutour.

FAMILY PLAN For Married Students

Now you can have low-premium life insurance for your whole family, all under one policy, all paid for at the same time. The protection increases as your family increases.

It covers you with your choice of a variety of permanent insurance plans with cash and loan values.

It covers your wife with term insurance for not more than half the amount of insurance on your life, to a maximum of \$10,000.

It covers your children age 14 days to 18 years with term insurance to age 25 for half the amount on your wife's life, lesser benefits until 6 months old.

Children born or legally adopted later automatically covered when 14 days old.

Premium is the same regardless of the number of present and future children.

If you should die, your wife's and children's insurance would be fully paid up.

If your wife should die, your children's insurance would be fully paid up.

TV Program Goes Inside ETV Studio

This Sunday, "The University and You" will feature the first of a two-week series of programs dealing with Educational Television. A film titled "The second classroom" which is being furnished by the National Education Association in Washington will be shown. This film will give the general public the hows and whats of this beneficial new type of education. "The University and You" will also feature a "behind the scenes" look at the educational TV studio. This will give the public an inside look regarding the pre-staging of the programs.

On May 6, further time will be devoted to this subject. A discussion will be held between Mr. MacLaughlin, a member of the University of Maine speech department, and Mr. Don Taverner, director of Educational TV at the University of Maine. Mr. Taverner will bring viewers up to date on the current situation.

Senior Class Presents Bear

A statue of the Maine Black Bear is the gift of the Senior Class of the University. The presentation was made by Philip McCarthy, class president, at the annual Senior Class Dinner sponsored by the General Alumni Association.

President Lloyd H. Elliott was guest speaker for the evening. Speaking for the Alumni Association were Dr. T. Russell Woolley, Executive Director; Miss Margaret Mollison, Assistant Director; and Mr. Alvin S. McNeilly, President of the Alumni Association.

Officers of the class for the next two years were elected from a slate presented by the Nomination Committee from the class. Elected were Philip McCarthy, president; Linwood

Billings, vice president; Mildred Simpson, secretary; and Sarah Kennett, treasurer.

Four hundred seniors attended the Dinner. Mr. Nelson B. Jones, class advisor, was presented a gift of golf clubs and irons.

The Dirigoes and Steiners provided musical entertainment and led the class in singing the Stein Song at the close of the Dinner.

There are people who make things happen, people who watch things happen, and people who don't know anything happened.

Home Economics Graduates Plan Fifth Year Of Study

Three University of Maine seniors in the School of Home Economics have accepted appointments for a fifth year of study as dietetic interns.

They are Carol Olsen of Falmouth, Marilyn Silva of Waterville and Margaret Swallow of Oakfield. All three are majors in institutional management and will begin their internships in September.

Dr. Jane Crow, director of the School of Home Economics, announced that a fourth internship had been granted to a graduate student, Mrs. Patricia Kittredge Hagan of Orono and Calais. Mrs. Hagan was graduated in 1961 and is now taking graduate courses and working for University Food Services.

New Drive On For Hauck Fund

A second gift campaign to raise \$50,000 has been initiated by directors of the Arthur A. Hauck Building Fund at the University of Maine, it was announced Wednesday by Hazen H. Ayer '24 of Boston, gifts chairman.

The funds will insure the construction of the Arthur A. Hauck Auditorium as a memorial to President Emeritus Hauck, Ayer stated. The estimated cost of the auditorium is \$900,000.

To date, \$490,000 has been contributed to the Fund by alumni, friends, faculty, and students of the University. Of this amount, \$290,000 was used to finance completion of the second floor of the Memorial Union Building, leaving \$200,000 to be used towards the construction of the auditorium, scheduled to begin this summer.

Trustees of the University have voted a \$500,000 self-liquidating loan for the construction.

A new University Store Company bookstore will be constructed beneath the auditorium, Ayer said. Net worth of the store company, prior to University ownership, was approximately \$200,000, making available added funds for the auditorium.

Some 9,000 persons already have contributed to the Fund, Ayer said.

Senate Nominates 1962-'63 Officers

The Student Senate nominated the following students to run for Senate offices on May 1, 1962:

For President, Leroy Lambert and Greg Shapiro; for Vice President, Norman "Bud" French and Clem McGillicuddy; for Secretary, Ginny Lou Bellinger and Barbara Day; and for Treasurer, Adrienne Christakos and Marjorie McGraw.

In addition, a candidate may be nominated by a petition of 10% of the student body. No more than 50% of these petitioners may come from one class.

At the last Senate meeting, the student body came within six votes of losing their right to vote for Senate officers.

"Lack of student interest" was the basis for argument by those senators in favor of the proposed revision which would give the Senate the right to elect its own officers.

An interested student body could really knock the wind out of this argument by simply casting votes in the up-coming election. Of course, a goal somewhat higher than our usual 25% participation would have to be attained, but people have been known to do strange things when their right of self-government is threatened.

BEAR FACTS

With teams jockeying for position in the major leagues early in the season, it becomes a favorite sport of baseball fans to participate in a little "crystal ball gazing." Each loyal follower of a professional ball club laboriously looks into the future and makes a "calculated" prediction as to which teams will be in the world series.

Sports columnists are extremely vulnerable to "crystal ball fever" and it seems that their only purpose in making pre-season predictions is to gain attention to their columns.

They appear to make guesses without rhyme or reason, with each columnist trying to be a little more radical than the next. Tom Meany's prediction that the Boston Red Sox will finish 2nd is just short of fantastic.

UP THE MIDDLE

It is quite difficult to predict the outcome of anything in this day and age, and quite impossible to say anything definite about something an arbitrary and closely contested as baseball. Our national sport is a game of inches as the old saying goes, and where one year a team will win countless one-run games, the following year can very well show a complete reversal.

However risky long range predictions may be, judgment of a team's strength can be calculated quite reliably by taking a look at how well endowed the club is "up the middle."

The middle, or heart of the team is catching, pitching, shortstop, and centerfield, and the depth, hitting, and fielding in these positions determines team potential.

EXAMPLE OF FORMULA

The University of Maine team can be used as a case in point. In the catching department Ron Marks is a very good receiver, and although he is hitting only a modest .250 his slugging percentage is high, and he has the ability to get on base and score, as his leadership in runs scored points out. Depth was a question mark but Bob Leberge has proven himself capable of taking over the duties at any time by his fine 4 innings turned in at Rhody 2 weekends ago. Catching is adequately strong.

DEPTH IN PITCHING BUT UNPROVEN

Pete Henderson and Bill Livesey are both proven starters and will win their share with good support. Bill Thomas is a better than average relief pitcher, but depth is sketchy beyond this point. George Bartlett has shown flashes of sharpness in the past and on a given day is definitely tough competition.

Righthanders Dolloff and Macdonald and lefthanders Haskell and Warren have yet to prove themselves. Improvement and ability will progress with experience. Pitching shows depth but inexperience.

SHORTSTOP PLEASANT SURPRISE

The job of a shortstop is to hold the infield together with stellar defensive play and Connie Nisbet has done just that. With a team that usually gets its share of hits but doesn't have a long-ball hitting powerhouse, the ability of the shortstop will mean the difference between winning or losing one-run games.

Maine won both games with Rhody by timely hitting and good defensive play, especially by Nisbet.

CENTERFIELD STRONG

As was expected, Bill Livesey again this year has swung a solid mace. A good fielder, good hitter, and strong arm rolled into one player roaming the center pasture would appear to be a manager's dream. The fact that Livesey is also a good pitcher clouds up the issue a bit.

His pitching necessitates platooning at CF when Bill is hurling. At first it appeared that this could be a problem, but by moving Phil Morse, Skip Chappelle, Dave Gaw and now Lenny MacPhee around in the outfield things have worked out quite well. The Maine team as a whole hit quite well but with not too much power. Defense will prove the difference between a winning and losing season if pitching holds up, as is expected.

APOLOGY IN ORDER

Miscues aren't always made on the playing field. Our Bears didn't make anything even resembling a bobble in the Rhody doubleheader, contrary to the account in last week's edition of the *Campus*.

Pete MacPhee crosses the tape first in the 220-yard dash. MacPhee went on to take two more firsts in the B.C. track meet.

Bears Tip B.C. U Conn Sweeps Maine Trackmen Nine Twice: 7-3, 2-0

MacPhee Takes Three Firsts-Sets New Mark

Pete MacPhee paced the University of Maine track team as it upset favored Boston College 72½ to 62½ last Thursday in the Patriots Day meet.

MacPhee was a questionable starter due to a knee injury incurred during the indoor season but he showed no affects of it as he tied the University record with a 9.8 performance in the 100 yard dash. He also went on to win in the 220 and the 220 low hurdles to become Maine's high point man.

Maine pole vaulter clears the bar in last week-end's B.C. meet.

Several other records were set in the distance events by BC runners. The distance events are usually a strong point of Maine but the outstanding performances turned in by Larry Rawson and Jim Owens were too much for the Bears. Rawson won both the mile and two mile but was challenged all the way by Maine's standout, Mike Kimball, who took seconds in both events. Rawson's time in the mile was 4:14.3, a new field and meet record while his 9:38 in the two mile was a new meet mark.

Versatile George Desnoyers was the high point man for the Eagles. He posted firsts in the shot put and hammer over Bill Blood of Maine. Blood took first in the discus. Desnoyers also took third in the javelin and tied for third in the high jump.

Barron Hicken, who is just getting over a pulled muscle placed first in the high hurdles and third in the low hurdles.

Maine won the meet without the services of captain Keith Stewart and high point man Dick Nason. Stewart will probably be ready for the meet with UNH next Saturday but Nason will be out for the season.

Phi Kap, Phi Eta To Go For Indoor Softball Fraternity Crown

Phi Kap earned the right to go against Phi Eta for the fraternity Indoor Softball Championship by beating a spirited Phi Mu club 2-1. Dunn 1 turned back Gannett 1 for the dormitory semi-finals 12-6.

In other fraternity action Phi Eta in its climb to the semi-finals beat Alpha Gam 26-10, Lambda Chi 21-2, and Phi Gam 25-5. Phi Gam knocked off Delta Tau 5-2 in the quarter finals. Phi Mu defeated SAE 22-9 and Sigma Chi 16-3 before losing to Phi Kap 2-1. Sigma Chi beat Sigma Nu 8-4 before losing to Phi Mu in the quarter finals. TKE bested TEP 9-3 before their loss to Phi Kap.

Black Bear hopes of a Yankee Conference championship received a severe jolt this weekend from back to back defeats at the hands of UConn. The Friday afternoon game saw Maine grab a 3-0 lead in the third inning on Dave Gaw's triple only to see it disappear beneath 5 Husky runs in the bottom of the frame.

WALKS AND ERROR HURT

Three walks surrendered by Livesey and an error were sandwiched between a disastrous three run double by Bruce Roberts to turn the tide in favor of UConn. A homer by shortstop Gaffrey of Con-

necticut, and Roberts' run-scoring single in the seventh put the game out of reach.

Bill Livesey was plagued with wildness during the game and yielded six walks while striking out only one batter. His rival pitcher, Jones, didn't allow a pass and fanned four men.

In the Saturday afternoon game Maine again ran into tough pitching and clutch defensive work by the Connecticut outfield.

UCONN PITCHING AGAIN TOUGH

In the Saturday afternoon game Maine again ran into tough pitching and clutch defensive work by the Connecticut outfield. The only runs of the game were singletons chalked up by UConn in the fourth and sixth innings. The troublesome Roberts, a native of Saco, Maine, figured in both of the runs. He doubled and scored on a single by Jim Bell in the fourth. He singled in the sixth, moved to third on a one-base blow by Frank Biondi, and scored when Pete Henderson balked toward first base.

CLUTCH THROW

Bill Livesey doubled in the sixth inning but was nipped at the plate in a close play when he tried to score from second on Ranzoni's single. The perfect strike was uncorked by Roberts who had already done enough damage with his bat.

PITCHING TIGHTENS

The Bears missed golden opportunities in the seventh and eighth innings but Parmalee, who didn't walk a man in the game, was able to squirm out of both jams.

Third baseman Rick Gianetti of UConn made two fielding errors in the seventh but Maine couldn't get the timely hit and lost their chance to score.

In the eighth, Dave Thompson, Nisbet, and Livesey all singled but Parmalee was equal to the task and got Ranzoni on a grounder and Marks on a foul pop to end the threat.

HENDERSON PITCHES WELL

Pete Henderson hurled well enough to win. He went the route walking one and allowing only seven hits, one a double, and struck out one. Although Maine had men on base most of the time, the key hit just didn't come.

Golf Squad Picked

Ten men will represent the University of Maine in golf competition this spring, coach Brian McCall said Monday.

Members of the squad are:

Bob Birchenough, junior, Slingerlands, N. Y.; Browne Goodwin, senior, Brewer; Dave Howe, junior, South Portland; Alan Leathers, sophomore, Orrington; Frank Moxon, junior, Pittsfield, Mass.; Terry Nelson, junior, Dover-Foxcroft; Russell Prosser, senior, Old Orchard Beach; Peter Solheim, junior, Albany, N. Y.; Gary Symonds, junior, Casco; and William Whitmore, junior, Pittsfield.

Outdoor Angle

By DICK STAIGER

Wardens across the state have reported increases in fishing pressure and fish. The ice is out over much of the state and things are beginning to happen.

The past weekend both fisherman and fish started moving. On Friday Frank Gramlich and Ben Florence took off for Green Lake to try their luck. They landed one 16 inch salmon and saw many others taken.

Tom Edge and several other Lambda Chi anglers went to Grand Lake Stream and were quite successful. The group took a dozen trout from 8 to 10 inches. They also had a good catch of smelts. They said they could have taken twice their limit without any trouble at all.

Jon Anderson reported that Vermont was also a productive area. He took six walleyed pike from 17 to 26 inches long from the Missisquoi River.

Others tried but were not so well rewarded. Bruce Hartford and Tony Yuodsnukis of Alpha Gam went out toward Howland, and for their efforts received a glorious 7 inch brook trout. Ron

Mallett tried his luck out along the county road and did about as well taking only two small brookies which he released.

Phil Andrews reported that the Ornithology class made its annual trip to Swan Island last Saturday. This island offers a good look at some of the resident and migrant waterfowl of this area. They saw an estimated 6-8000 Canada geese and many ducks. Pintails and Shovelers were among those noted. Deer were also plentiful on this restricted island. If you want some pictures or if the words of pessimists have you discouraged concerning waterfowl, take a trip to Swan Island.

A DISHEARTENING NOTE

The statistics on hunting accidents for 1961 have been compiled. Sixty persons were accidentally shot and 14 of these accidents were fatal. The cause most often given was that the victim was "mistaken for game." Sixteen people shot and 9 killed because the "hunter" couldn't tell the difference between a man and a game animal. Very poor!
